Bon Ivy (Volkze) 111
Willie Marcus (Kukuk) 111
My Rivalry (No Boy) 108
Also eligible:
Lady Pagan (Roy) 106
Apprentice allowance claimed.

Hal Patchett Leaves To Join Capitanos

SEATTLE (AP)—Hal Patchett, veteran Seattle Rainiers outfielder, has been picked to take over the manager's post with the Vancouver Capitanos of the Western International League for the remaining month of the season and left today for Salem, Ore., to join the team.
He succeeds Eddie Carnett, recalled from the Caps to replace first baseman Earl Torgeson, who was lost for the season after an injury in Wednesday night's game with San Francisco Seals.

Nanaimo Blaze Held Incendiary

NANAIMO (CP)—Police and C.P.R. authorities here investigated today a gasoline fire that threatened the ramp leading down to the C.P.R. wharf Thursday night. Deputy Fire Chief M. Wardill of Nanaimo Fire Department declared the fire was incendiary.
Damage was negligible as crew of the steamship Elaine and the fire department confined the blaze to surface timbers. It appeared gasoline had been poured along the pedestrian lane of the ramp over a distance of 30 to 40 feet, firemen said.

4 Oglers Freed

DETROIT (AP)—This city's harassed oglers won a point today when the winsome objects of four sets of "amorous glances" failed to press the charges in court.
Four young men were ticketed under an old Detroit anti-ogling ordinance after police said they cast "amorous glances" from an automobile at several girls.

Says Ammunition Dumped Off Coast

VANCOUVER (CP)—The Vancouver Sun said today "great quantities of over-age army ammunition from western Canada bases are currently being dumped in the Pacific Ocean by the Canadian Army Service Corps boat Mv. General Cotton."
The Sun added "amount of ammunition involved and the location where it is being dumped cannot be disclosed because this information involves Canadian military security, an army spokesman said here today. "All that is known is that the General Cotton is operating out of Port Alberni."

Repairing Freighter

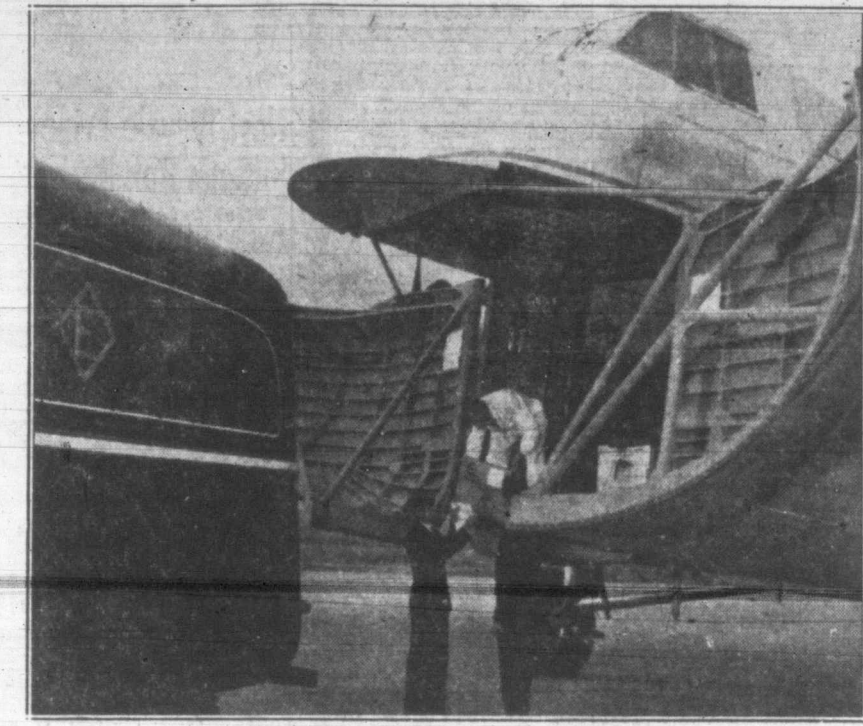

FALMOUTH, Eng. (AP)—Officials of the United States Lines announced today repairs to the 8,000-ton American Farmer will be started immediately and that the ship probably will sail for Plymouth or Southampton within two weeks to unload her cargo of food.

15 Months For Theft

WINNIPEG (CP)—Michael J. Hayes of Winnipeg, charged with stealing \$1,500 from a war widow whom he had promised to marry, was sentenced to 15 months in jail when he appeared in city police court today.

MANILA (AP)—Philippine military police headquarters announced today that nine military policemen and two men, identified as Bukbalahaps (armed peasants) were killed and 13 policemen wounded when a police column was attacked in mountainous Tayabas province.

British 'Tramp' Plane Crosses Ocean

A new chapter in aviation history was written when Britain's snub-nosed Bristol freighter, first of a line of "tramp ships of the air," touched down at Dorval airport to be greeted by Montrealers as the first air freighter to fly the Atlantic. The plane, shown above, brought a consignment of dresses which was cleared through customs and delivered before the engines were cool.

Snead Shoots Dodo In C.P.G.A. Tournament, Takes Over Lead

NIAKWA GOLF AND COUNTRY CLUB, WINNIPEG (CP)—British open champion Sammy Snead of Hot Springs, Va., took over the lead in the \$10,000 Canadian Professional Golfers Association open tournament near the close of the third round today as one of the two halfway-mark pace-setters, S. Leonard of Vancouver, shot one of his worst rounds of tournament golf.

The two pace-setters in the \$10,000 Canadian Professional Golfers Association open tournament were still on the course midway through the third round today as Snead of Hot Springs, Va., scored a hole in one on the 245-yard par three 15th and an 18-hole total of 68, four under par for this par 72 layout.

Both Ellsworth Vines of Chicago, leader at the halfway mark with 136, and Stan Leonard of Vancouver, the runner-up after the first two rounds with 138, were late starters. Leonard ran into trouble on four of the first seven holes, including the first and Vines found himself in difficulty at the same point before being able to continue his par-busting tactics of the first two rounds.

Snead's ace was the third high spot of the tournament bringing him into the limelight with Vines, who shot a seven-under-par record-equalling course mark of 65 in the first round, and Leonard, who fired a five-under-par 67 on the second 18 holes yesterday.

Slammin' Sammy rode into the round today tied for seventh place with Lawson Little of Monterey, Calif., and Dick Metz of Arkansas City, Mo., with a two-rounds score of 143.

Snead's brilliant ace on the 15th was the first in this club's 25-year history.

Although four-over par at the end of seven holes, Leonard's position didn't look so dark after Vines took a big six on the par four 307-yard first to go two over right at the start.

Vines' drive was carried into the bushes, flanking the green and landed in the centre of a lilac bush. It was ruled unplayable and he teed off after taking a two-stroke penalty. He got on in four, but took two putts to get down.

Leonard on the same hole was on the edge of the fairway to the right of the green with his drive. His second was short and his ball

Disease Outbreak Feared In Penticton

PENTICTON (CP)—Sanitary Inspector Harry Black warned today that the threat of an outbreak of disease may become serious within three days unless garbage is collected in this city, where civic employees have been on strike since Tuesday.

The Civic Employees' Union (C.E.U.) walked out in protest against refusal of the City Council to agree to a conciliation board's report recommending maintenance of membership and voluntary checkoff in a new agreement.

Since Tuesday there have been no garbage collections in this Okanagan Valley city of some 7,200 persons.

Striking employees have rejected two council appeals to authorize garbage collections.

Ship Now Smuggles Jews

VANCOUVER (CP)—A ship which for 20 years carried passengers to the Queen Charlotte Islands, Ss. Cairo, formerly Ss. Camosun and Ss. Prince Charles, sold in 1945 by Union Steamships Ltd. to a Greek firm, now is smuggling Jewish immigrants into Palestine, it was learned here today.

Kerry Drake

May Offer Choice; Raises As Sought Or General Strike

VANCOUVER (CP)—Following what C.C.L. union leaders termed a "pitifully inadequate explanation" of the Regional War Labor Board's decision to allow only 10-cent-an-hour raises, a group of large unions said today they are considering an ultimatum direct to industrial operators.
William L. White, president of the Marine Workers and Boilermakers' Union (C.C.L.), said the group is seriously considering telling the employers that "if we don't get the raises we asked for, we won't work."

No deadline has been set for this attempt to short-circuit appeals to the Regional Board by unions and operators for wage raises exceeding the 10-cent limit imposed pending the findings of the parliamentary industrial committee.

Dick Osman, business agent of the A.F.L. machinists, said A.F.L. unions are in close accord with the C.C.L. attitude.

The C.C.L. group, representing the B.C. Shipyard General Workers' Federation; the Marine Workers and Boilermakers; International Union of Mine, Mill and Smelter Workers, and the Amalgamated Electricians' Union, met with Regional Board members today.

'CLAIM HANDS TIED'

"In my opinion the members of the Regional Board can't justify their position," stated Mr. White. "They claim their hands are tied, so there is no justification for sitting. It looks like all they're sitting for is the \$20-a-day which they get paid."

Another development of the furore caused in union circles by the board decision to limit wage boosts temporarily was a wire today from the executive board of the B.C. Federation of Labor (C.C.L.) to Hon. George S. Pearson, provincial Minister of Labor.

The wire requested an immediate session of the government labor committee to consider the Regional Board's action.

"As a result of the board's action, the situation in the ranks of our affiliates is explosive," read the wire, signed by Harold Pritchett, secretary of the federation.

'ALL STARVE,' PEARSON SAYS

Threats of a general strike were answered by Mr. Pearson in Victoria with the statement:

"If the workers of this province are going to make up their minds they won't work and won't produce, then we'll all starve. It's as simple as that."

He stressed that the board's action does not mean that further increases will be turned down completely.

Jack Ross, business agent of the A.F.L. Electricians Union, said that his union "expects a shut-down" on Monday as a result of the board's refusal to approve a 16-cent-an-hour increase for members of the union.

Pen Baskin, international representative of the United Steelworkers (C.I.O.), issued a statement following the meeting of C.C.L. representatives with the board which said that the rates agreed upon between his union and employers are going to be adopted regardless of any interim decision and regardless of what action the union may be forced to take.

3 Planes Collide, 2 Crash At Show

GREAT FALLS, Mont. (AP)—Five civilians and the crew of at least one B-26 army bomber were known to have been killed when three planes in an army air show collided in the air today and two of them crashed.

Vishinsky Complains Organization Poor At Peace Parley

PARIS (AP)—Andrej J. Vishinsky, Russian delegate, arose today after the afternoon session of the peace conference opened and complained the agenda for the session had been handed to the Soviet delegation only a few minutes before the chairman called for order.

He also questioned the four subjects slated for discussion. "Why should we be compelled to discuss these four and no others?" he asked, adding that the organization of the work of the conference was "very poor."

He complained further that he had received no Russian translation of the agenda.

"I would like to remind the conference that Russian is a working language of this conference," he said.

Chairman Bidault said he wanted "to refute" the charges of any lack of organization in the conference. He apologized for the lateness of the Russian text of the agenda and said this situation would be improved.

After an hour of argument and after British delegate A. V. Alexander had described the time wasted as "intolerable," the delegates accepted a Bidault plan to start discussing the four points on the agenda along with a fifth proposed by Russia entitled "methods of approving the agenda."

Nazis Developed Drug To Sterilize Prisoners

NUERNBERG (AP)—The War Crimes Court heard today how Heinrich Himmler's S.S. developed a drug for sterilizing millions of war prisoners.

"The thought alone that the 3,000,000 Bolsheviks now in German hands could be sterilized so they would be available for work but precluded from propagation open up far reaching perspectives," a letter received in evidence said. It was signed by a Dr. Pokorny and addressed to Himmler, who committed suicide soon after Germany collapsed.

Recreation Council Directors Find Playground Plan a Success

Dr. Henrietta Anderson and members of the board of directors of the Recreation Council of Greater Victoria, having completed an extensive tour of the playgrounds of Greater Victoria report finding them so successful in keeping children happily occupied that they believe, in future they should be continued until school opens.

Those participating: City Parks Superintendent Warren, Mrs. A. J. Tullis, publicity chairman; Mrs. C. Buhlin, general secretary; David G. Decker, executive secretary for the Welfare Council and the Community Chest; Mrs. H. Dresser and Mrs. R. Flint of the Saanich Recreation Council and Mrs. H. A. Beckwith and Mrs. E. G. Jones of the Oak Bay Playgrounds.

Trustee E. C. Head, president of the Saanich Recreation Council received the visitors at the first stop in Playfair Park, and reviewed the rapid growth of the Saanich playgrounds, indicating the large part played by parents and friends in each community where a playground now exists. This active participation accounts for the successful acquiring of facilities and equipment on the eight playgrounds, functioning five days a week, besides two which are organized in the evenings for older boys and girls.

"Previous to this year, only \$900 has been appropriated for parks by the Saanich Municipal Council," said Mr. Head. "This year they made an appropriation of \$3,000 for parks, plus a grant of \$500 to the Saanich Recreation Council for supervisors. Donations from the Saanich School Board, P.T.A.'s, Women's Institutes, and others brought this fund for necessary supervision to more than \$1,000," he said.

Coming into the city, the visitors saw four playgrounds in full swing. James Bay, the newest in this group is supervised by Miss Norma Worthington, who pointed out the fine equipment provided, and reported the growing attendance which demands more supervisors in the near future.

Next in size is beautiful Stadcona Park, where the supervisor, Mrs. D. C. Macdennan, was reading stories to a large group of children who were so absorbed that they were not aware of the photographer taking pictures of them and the tumbler nearby.

The supervisor at Central Park, Gordon Hartley, is assisted by Miss Marnie Wilson, supervising field games, folk dancing and handicrafts. The children were enjoying free play on the jungle gym, swings, teeters and in the wading pool.

Beacon Hill, with its animal life, lends itself naturally many interests including field games, hobbies and tumbling. It is supervised by Mrs. A. E. Foster, assisted by Mr. L. McKorkall. Here, the visitors were pleased to find the chief supervisor of city playgrounds, A. E. Lbeckley, who demonstrated the use of homemade apparatus.

PET SHOWS POPULAR

The St. John's Ambulance officials are in attendance at all playgrounds full time to give first aid and to assist in supervising the younger children. The valuable instruction offered to the youngsters by the S.P.C.A. at their pet shows is an important addition to the program.

"Our appropriation this year," said Parks Superintendent Warren, "is \$1,500 for up-keep and supervision as against \$900 last year."

"The high cost of the treatment of one delinquent in dollars and cents alone would outweigh the appropriation of all the municipalities together," says the report of the directors. "It was observed by the visitors that wherever there was a sports director, older boys were participating in numbers. But it was lamentable to note several congested areas were without any play lots, and in some instances, there was equipment, but the all important supervision was absent."

"It is with deep concern that the members of the party realized that all this vast program of wholesome activity they had witnessed is to end next week, with the closing of playgrounds on Aug. 16. They felt that a city worried about its so-called juvenile delinquency should, as a first step, take immediate action

Expect To Crack Black Market Case

BERLIN (AP)—United States Army agents said Thursday they expect to announce soon the cracking of "one of the biggest cases of black marketing and illicit trading with the enemy."

Lt.-Col. A. E. Link of Philadelphia, a military government officer, committed suicide Wednesday after being questioned in the case, the agents said.

Investigators said two other Americans were being detained.

Victoria Plasterers Will Form Union

Decision to form a Victoria local of the Operative Plasterers and Cement Finishers International Association was made at a meeting of plasterers Thursday night at the Trades and Labor Hall.

Ernest Bartlett was named temporary president of the association. Other officers elected at the meeting were Les Calvin, recording secretary, and Donald Frewing, secretary-treasurer.

The meeting decided to apply immediately for a charter. The officers elected Wednesday night were appointed as a committee to interview operators and negotiate agreements covering wages and working conditions.

Attending the meeting was Roland Watson, international representative of the union, from Seattle.

A further meeting will be held Aug. 29.

New Bicycle Prize In Soap Box Derby

Knights of Pythias of Victoria will hold the annual Soap Box Derby Sept. 2. This event has proved very popular with young folks in previous years and has always met with marked success. This year numerous prizes are offered, among which will be a new bicycle. Young people wishing to take part in this event should have their parents' permission in writing. Rules and other information are available from Neil B. Butler, 643 Yates Street.

Council, Labor To Debate Public Ownership Of Transit

"I have no intention of getting into any argument on the merits or otherwise of public ownership of our transportation system at the present time," Ald. H. M. Diggon, chairman of the Greater Victoria Transportation committee, stated today after Mayor Percy George announced a public meeting of the City Council next Thursday evening at 7.30 to hear a brief from the Vancouver Island Joint Labor Conference on the subject.

Some time ago the labor group requested the council to hold a public meeting to hear representations on behalf of public ownership of utilities such as the transportation system, but the meeting was delayed until specifications for the unified transport system neared completion. The city council will also meet Tuesday afternoon to consider the draft specifications for the system as submitted by the newly-formed five-man transportation committee, Mayor George announced.

The draft has been sent to the four municipalities for consideration and approval. Ald. Diggon indicated it might require several meetings and further redrafting before all four municipalities were in agreement as to

Want More Indian, Shakespearian Plays In Future Festivals

Two hours of interesting and informal discussion took place in the Empress Hotel, Thursday afternoon, when visiting Theatians met members of the B.C. Drama Association and local acting groups.

Under the guidance of Maj. L. Bullock-Webster, a variety of ideas were expressed by several speakers. Kenneth Root, speaking for Portland Civic Theatre, said that this was their 21st year, and they looked upon this visit as a birthday celebration.

The gathering was told of the new Little Theatre at West Vancouver, the formation and early difficulties of the Shakespearian Society in Vancouver. Plans were made for Indian plays and Shakespeare in future drama festivals, and for more Canadian plays about Canada.

Called upon to speak were Lt. Col. T. C. Evans, W. B. Crawley, Mrs. Gwen Downes, Miss Christina MacNab, Mrs. Audrey S.D. Johnson, R. Birkett, Mrs. William Ellis, Mrs. P. E. Corby and H. J. S. Reynolds of Victoria; Kenneth Root, Dr. Burt Brown Barker, Donald Marjorie of Portland, and Capt. M. J. Evans of Kimberley. Representing Seattle was Miss Pamela Jones.

Legal Nylons Sold

AMSTERDAM (AP)—The first 12 pairs of nylon stockings imported legally since the war were sold in Amsterdam Thursday to 12 women who waited at a shop for 14 hours. The stockings sold for the equivalent of \$2-12th the black market price.

Hamilton Police Chief Declares City Will Stamp Out 'Mob Rule'

HAMILTON, Ont. (CP)—The United Steelworkers of America (C.I.O.) today disclaimed responsibility for a demonstration at the City Hall Thursday night at a special meeting of the City Council to discuss the strike situation and from Controller Nora-Frances Henderson came a statement that "mob rule reigned" at the scene where she ran a gauntlet of a roaring mob estimated variously up to 4,000 persons.

"Mob rule will not reign in Hamilton, unlawful assemblies will not continue and the law will be enforced, even if we have to bring in outside police," Chief Constable J. R. Crocker of Hamilton said today. He termed Thursday night's demonstration "a disgraceful exhibition for labor men."

The steelworkers, who called a wages-hours strike at the Steel Company of Canada plant June 15, said its members were instructed to remain on the picket lines at the Steelco works, accused company officials and office workers from Steelco and the strikebound Westinghouse Electric plant of booby and heckling Mayor Lawrence and other pro-labor members of the council during the debate and said the organization of the crowd outside the city hall "emanated not from the union movement of the city but from a Labor-Progressive rally held the previous evening."

Charge Justified By Crowd's Action

Controller Henderson said "the action of the crowd there last night proved more clearly than any words that I used that there is unchecked lawlessness in Hamilton today."

Thursday night, the mob necessitated police protection as council members emerged from city hall.

Inside the council chamber, there appeared a wide difference of opinion as to the causes of

the present strike situation. Two of the chief speakers were the women council members—Controller Nora-Frances Henderson and Alderman Helen Anderson—and they opposed each other with determination. Controller Henderson was apparently chief target for angry shouts and denunciations from the surging mob. Earlier she had expressed belief that a state of lawlessness existed in the Hamilton district and placed the blame squarely on the shoulders of the striking workers of the Steel Company of Canada.

As she emerged from City Hall Thursday night, she was flanked by eight policemen and the crowd serenaded her with "We'll hang Nora Henderson from a sour apple tree."

The first two council members to come out of the building—Controller Clark and Alderman Heddie—were shoved back in by the mob. Thereafter as each one emerged, policemen walked on either side. The crowd dispersed quietly shortly before midnight.

Focal point of debate during the meeting was a motion to ask

the Minister of Justice whether order-in-council No. 2901, providing penalties for workers who did not obey the government-appointed steel controller, would be enforced. It was carried 10-6. Long before the council meeting was to begin, crowds jammed the City Hall steps, surged into corridors and crowded stairs out side the council chamber. They greeted some speakers with applause, others with derisive remarks.

Mayor Sam Lawrence said he felt it was inadvisable, particularly with negotiations going on at the present time, to ask for enforcement of order-in-council No. 2901. He reminded that the government had not seen fit to enforce the measure.

Controller Henderson said citizens should not be misled by the "subtle and cynical assurances" of union leaders and that no one is prevented from coming out of the plant. She produced a petition, signed by 2,500 workers inside the Steelco plant, which called on the council to urge removal of "the illegal picket line around the plant" and enforcement of law and order.

Forest Fire Fought By Langford Juniors In Goldstream Area

The 10-man junior suppression crew stationed at Langford today is battling a forest fire one acre in extent in the neighborhood of Wolf Lake in the Goldstream district along with several other forest firefighters. B.C. Forest Service headquarters reported today, and expect to get it under control by tonight.

This blaze was the only one reported in Victoria to be burning in the Vancouver Forest district which includes all Vancouver Island. In Nelson forest district, scene of the worst fires recently, all fires were reported controlled Thursday night. A moderate hazard was reported in the Fort George district with six or seven fires burning. The hazard was also reported moderate in the Kamloops forest district and causing no concern in the Prince Rupert district.

The forest ranger at Fort St. John in the Peace River district reported a fire, raging on the Laird River near the B.C.-Yukon boundary, was being fought by crews from the Yukon.

Commonwealth Gets \$175,000 Contract For Odeon Theatre

Erection of the new Odeon Theatre on Yates Street will be commenced immediately, the demolition of the buildings on the site, now under way, is completed, it was announced today by officials of the Commonwealth Construction Co. Ltd., the general contractors.

Pete Bower, who is in charge of other Commonwealth construction in Victoria, will be the building superintendent. The theatre will cost \$175,000.

The plans drawn up by Architect H. H. Simmonds show it will be one of the most modern theatres in existence. Facing on the building entrance will be of vitrolite with stainless steel trim. An auditorium 80x120 feet in size will have seating space of 1,445. Carpets will completely cover the floor. Indirect tube lighting will be used throughout as well as air conditioning in every part of the theatre.

Takes Doctor Along

LONDON (CP)—Foreign Secretary Bevin today left by plane for the Paris peace conference, declaring:

"We must try to get peace established and put an end to all wars. It is time to stop talking and get on with the job."

Mr. Bevin was accompanied by his physician. He appeared rested despite a 10-day rest the doctor ordered just before the peace conference opened.

Objects To Controls

OTTAWA (CP)—John Hackett, P.C., Stanstead, protested in the Commons today against any attempt to restrict financial and commercial transactions between Canada and the United States. He said controls had been needed early in the war when the United States was neutral but not now that peace had come.

Canada now should not be burdened by large numbers of people "watching and spying and making records of financial transactions."

\$55,000,000 Credit

WASHINGTON (AP)—The United States has decided to extend a credit of around \$55,000,000 to Japan and Korea to enable them to purchase surplus army and navy equipment, government officials said.

Something To Talk About

MALLEK'S August Fur Event

commencing tomorrow

From our regular stock we have chosen a nice selection of smart coats, the latest in style with all the fashion details and newest styles. Included are Muskrat and Canadian 'Squirrel', Viscasas, Coneys (Dyed Rabbit), and natural hair seal coats. In three-quarter coats there are Canadian Squirrels and Ocelots. Here, too, are Silver Fox and Red Fox jackets.

Ask Shore Mariners Be Banned Pumping Oil Sludge By Beaches

The Union Board of Health today passed a resolution for approval by the Victoria and Esquimalt Councils to ask that shore mariners be prohibited from pumping oil sludge between Race Rocks and Trial Island. Aid. G. F. Mulliner, acting chairman, said following the meeting.

The resolution, proposed by Councillor A. C. Wurtel of Esquimalt, pointed out that oil sludge is continually accumulating on the Greater Victoria beaches, and the request is to be

sent to the Minister of Marine and Fisheries in Ottawa.

Mariners will be notified, if the resolution is acceded to, that it is inadvisable for ships to pump their bilges in waters adjacent to Victoria and Esquimalt, in view of the fact that the prevailing wind and general tidal drift in the vicinity is towards the shore.

It was further requested in the resolution that this notice be inserted in heavy type in the local pilot book, and that the hydrographer of the navy be asked to insert a copy in the Admiralty Pilot for B.C.

Britain To Act Alone In Iran

LONDON (CP)—A Foreign Office spokesman said today that if any "violent or sudden" threat to British lives or property took place in Iran, Britain would not be obliged to consult the United Nations Security Council, but would feel justified in taking "unilateral action."

The government of Iran Thursday announced it had protested the movement of Indian troops to Basra, a port in Iraq at the head of the Persian Gulf, and had requested their removal.

The British government pre-

viously had explained that the troops were sent from India to replace other troops stationed near the Anglo-Iranian oil fields in adjoining Southern Iran. The first announcement of the troop movement, which came from the Indian government, said the troops were being sent in case of any disturbance. Labor difficulties recently have plagued operation of the British-owned oil installations.

The spokesman told a press conference a state of "law and order" did not disappear gradually and "there may not be time to consult the United Nations."

Can Sleep In Boiler Shops But Finds Victoria Far Too Noisy

There is at least one U.S. tourist who does not agree with Victoria's publicized claims of quietness and quietness. He says he can sleep in a boiler factory, but not in a Victoria hotel.

B. K. Smith of Houston, Texas, has written Mayor Percy George a two-page letter giving a detailed description of his efforts to get just one night's sleep in a Victoria downtown hotel, which were climaxed by difficulties in escaping from the assorted noises at 5 in the morning.

"Here is what happened," the letter says: "In the first place your hotels are jammed full. My secretary obtained reservations at a fourth-rate hotel, but as long as I accepted, I didn't mind the room as it was clean, but the surroundings were not to my liking, due to a good many drunks, both Canadians and Americans, but this is all secondary. I would not have complained about this."

A HEARTY SLEEPER His complaint follows: "About 1 o'clock, and while I was asleep, and I am a very hearty sleeper, as I used to sleep in boiler shops and it didn't bother me, I suddenly heard a noise like an elevator train going through the roof, and that was the streetcar company repairing the tracks, using some very antiquated air compressors, which made a noise much worse than a boiler shop,

plus the air hammer. When one crew stopped, the other started, so it was continuous hammering until about 5 a.m."

"Why you permit such a racket at night when people are asleep, to be continued right downtown in the middle of the night on until the morning, which contradicts your agents' advertisement as to the quietness and quietness, is beyond me," Mr. Smith commented.

This did not end his difficulties, however. He was to leave by boat to Port Angeles, and could not get reservations as he did in Vancouver.

AT FOUR IN THE MORNING

"To be certain you got on the boat with the car I was advised by the boat people to be there at 6 o'clock," his tale of woe continued, "and wait for the boat until 8.45, otherwise I wouldn't get on, and since I couldn't sleep anyway because of the racket above mentioned, we got up at 4 o'clock and by the time we got the car and had a little breakfast, it was about 5 o'clock when we got to the dock, and we find 32 cars there waiting. We were the 33rd car, and by the grace of God they took 36 cars that morning."

"We got on, but imagine someone having to get up at 4 o'clock to get a boat that leaves at 9

when a little pressure from the B.C. Government to the boat people would have changed the whole situation from one of being unaccommodating to one of accommodation and thus extend a little courtesy to your visitors, instead of being a nuisance."

Youth Drowns

Inquest will be held at Alert Bay into the death of Raymond Goodrow, 16, of 291 East 32nd Street, Vancouver, who drowned at Bones Bay, Wednesday, B.C. Police headquarters was advised today. The youth was an employee of the Canadian Fishing Company.

OTTAWA (CP)—Labor Minister Mitchell today told members of the Commons Industrial Relations Committee they should support the contention of the Prices Board in opposing wage increases which would threaten price control.

WHAT A SPECTACLE!

FEW WILL SERIOUSLY CONTENT that the men in charge at the Kremlin are laying the foundations for a "guns-instead-of-butter" policy or that they have visions of Slavic world domination. Nor does anybody want to believe that Russia's Foreign Commissar Molotov is the chosen instrument of a government deliberately trying to drive a political and economic wedge between the Soviet Union and the western democracies. But those who are prone to sense basic symptoms from what better judgment brands as superficialities cannot help wondering why the chief spokesman for the Moscow oligarchy at the Peace Conference in Paris continues to charge his country's wartime Allies with doing the very things his own conduct suggests the U.S.S.R. is doing—jockeying for power of every kind in the political catalogue. Newspaper organs such as Izvestia, Pravda, and Trud persistently tell their readers that Great Britain and the United States, either individually or jointly, are trying to run the world and relegate the Soviet Union to an inferior place in the comity of nations.

All this, of course, is sheer poppycock and Mr. Molotov knows it. His interminable wrangle over the rules of procedure in Paris III becomes the nation he represents. Yet he is the delegate of a country whose regimented press accuses two of the original "Big Three" of every kind of imperialistic and monopolistic pressure it can describe. Small wonder American Secretary of State Byrnes told the Soviet Foreign Commissar yesterday that "we haven't fought to dictate to a free world, or to have one of our Allies dictate to us; we are not going to gang up against any nation; we will make concessions—but we will not make all the concessions." No statesman worthy of the name could justifiably quarrel with that simple intention. But what seems to annoy Mr. Molotov more than anything else is a day when the conferees at the Luxembourg Palace get along fairly well together. Everybody thought the rules of procedure had been agreed upon. Russia's delegate, however, evidently felt it desirable to revive the issue—presumably to lose his point and win another peg on which to hang additional complaints. And he still can use his veto in the Council of Foreign Ministers—especially in respect of all "recommendations" from the Peace Conference proper not accompanied by a two-thirds approval.

Nearly two weeks have elapsed since the representatives of 21 nations assembled to consider the drafts of peace treaties for five former Axis nations. Practically all that time has been taken up with discussions on rules of procedure. It is not necessary here to describe the tone and trend of these long and acrimonious debates. But what millions of people the world over will soon want to know is whether this is a peace conference or a battle over who shall be partners in another global conflict. And not even the most ardent "fellow traveler" will be able to absolve Mr. Molotov—meaning the 14 men who control the Soviet Union from Moscow—from his large share of responsibility for dangerous time-wasting tactics.

PASSPORT RED TAPE

PASSPORTS CAME UP FOR DISCUSSION in the Dominion Parliament recently when a member asked whether an applicant for such a document to cross the Atlantic had to fill in a form which relieved the government of any responsibility with regard to transportation either from or to Canada. Some months ago a ruling stipulated that every woman applying for a permit to travel to Europe must say she would not return for at least a year. The Prime Minister had informed the House that this particular ruling was no longer operative, but apparently, in filling out the necessary forms for a passport, the applicant still is required to state "that it is unlikely I shall be able to return to Canada for many months." Hon. James A. Glen, Minister of Mines and Resources, assumed the idea behind the ruling was that the shipping situation had to be taken into account.

The question is reminiscent of Rt. Hon. Ernest Bevin's summary of his foreign policy when he said "I want to be able to go down to Victoria and buy a ticket for any place in the world without bothering about passports." British travelers were accustomed before 1914 to go down to Victoria Station or any other of the railway termini in London and embark for the continent of Europe, without going through the rigmarole of applying for a passport—unless they wanted to go to Russia or Turkey. The present four weeks' rule which prevails in Britain, added to the discomforts of standing in queues, clutching application forms, birth certificates and marriage lines makes such red tape as prevails in Canada about as innocuous as a wire fence to a blackthorn hedge. Everybody who travels, therefore, is an earnest supporter of Mr. Bevin's foreign policy, none more so perhaps than those who conspire against the peace and well-being of the world at large.

VICTORY OR DISASTER?

NEW ZEALAND'S PRIME MINISTER Peter Fraser has recently stressed the importance of the general election which is expected to take place next October. He suggests there is "grave danger" that the Labor Party, which he leads, "may even face a reverse." And he warns his followers that resorting to "subsidies to find world markets, instead of concentrating on greater production, is not only uneconomic but unpopular with the majority of the electors."

It seems something more than a mere coincidence that this warning follows closely a statement recently made by Mr. F. P. Walsh, who presides over the Wellington Trades and Labor Council, and is also president of the New Zealand Seamen's Union and representative of the Federation of Labor on the New Zealand Economic Stabilization Commission. This official points out that these subsidies have had to come largely from wages and salaries, and he wonders whether higher production, the only cure for higher subsidies, can be promoted by strikes, and adds that:

"This economic factor is not realized, by all members of our movement. If it were, then we would not have recurring stoppages of production in many parts of the country. If this advice of the federation of labor were taken we would not have that serious loss in production which has happened over the past few years."

Mr. Walsh further suggests that the unions themselves must take steps to prevent such action, because any gains made by strikes involve losses in production, while workers suffer an unnecessary loss of wages. He maintains that such financial set-backs could have been avoided by making use of the "normal machinery provided by the government."

We in Canada have been urged on so many occasions to follow New Zealand's example that it may be as well to pay some attention to what the two prominent members of the present Labor government to whom we have alluded feel about the results of stopping production in order to obtain wages which the markets for such production cannot pay—but which must ultimately be paid by subsidies drawn largely from wages and salaries.

New Zealand has been governed by Labor for the last 11 years; but having a majority of only nine in a House of Representatives of 80 seats evidently is causing Mr. Fraser some alarm—especially as he recalls a by-election reverse last May in which the government's nominee went down to defeat by a majority of five to one. Small wonder he warns the electors that "the coming election will prove to be the Waterloo of either the Nationalists or the Labor Party."

NOT MUCH COMFORT

THE OFFICIAL ANNOUNCEMENT THAT the United States Army Air Force Guided Missiles Division has used control equipment for radio-piloted bombers which can operate reliably for at least 15 hours—sufficient to take any heavy bomber 2,500 or more miles loaded with 5,000 pounds of T.N.T.—merely dots the 'i's and crosses the 't's of the Bikini atom bomb tests. Also, for some months Sweden has been considerably disturbed by "phantom" bombs flying north from some station, believed to be Peenemuende on the Baltic Coast in Russian-occupied Germany. One or two of these missiles have burst over Sweden, but the majority have seemingly been directed to some remote spot in the Arctic seas where it is believed the Russians have established a spotting post. Under these circumstances it is not much comfort to know that Gen. Richardson, Chief of the U.S.A.F.G.M.D., estimates that it will take possibly 10 years fully to develop guided missiles with a range of 10,000 or more miles, which could strike any point on earth.

The conclusions to be derived from these experiments are decisive and may to some extent dissipate the complacency of those who, having no experience of the facts, think they are still protected by their isolation—plus their "know-how." That the developments have, in their fearful implications, a countering urgency to get on with the job of establishing international law is all to the good. That science itself will provide some radar screen against such missiles is fairly certain. But until it is universally recognized that the destructive consequences of force are a poor substitute for the exercise of goodwill, fear of these consequences will alone act as a deterrent toward those who regard the possession of power as nineteenth-century of the law.

SLOW DOWN OR SAVE UP

IT IS SOMETIMES SAID THAT BOTH Canada and the United States depend upon wasting their substance to maintain their standard of living. It would perhaps be nearer the truth to say that speed has been substituted for thrift and that it is more profitable to keep up to date than to be shackled to the past. Today, however, we are being warned by bell, book and candle that supplies of minerals, oil and timber on the North American continent must be carefully conserved if its heritage of natural wealth is not to be depleted.

Under present circumstances national planning is generally regarded as creating "security" within national boundaries. Such planning entails strategic stockpiles of materials held in reserve. It also necessitates thrift in their use, or the prevention of waste. We have, in fact, reached that stage of development where we either have to slow down or save up.

Why be surprised if educated men marry pretty morons? Never yet has a man developed a mad passion for brains.

Individuals appreciate honor and kindness, but nations seem impressed only by tough, quick-acting power.

The German Issue

Barnet Nover in The Washington Post.

THE PLAN FOR THE economic and administrative unification of the four Allied zones in Germany which Gen. Joseph T. McNarney has submitted to the Allied Control Council in Berlin is certain to have very tough sledding.

In principle nobody is opposed to it. Indeed, the American proposal merely seeks to carry out the clear provisions of the Potsdam agreement which stipulated that "during the period of occupation Germany shall be treated as a single economic zone."

The agreement further declared that "certain essential central German administrative departments . . . shall be established, particularly in the fields of finance, transport, communications, foreign trade and industry."

THESE PROVISIONS of the Potsdam agreement have not been carried out, with the result that Germany today is in a state of administrative and economic chaos which is placing a heavy burden on British and American taxpayers.

The British are spending at the rate of 320 million dollars in support of their zone. We are spending at the rate of 200 million. The only way this burden can be eased and Germany be made self-supporting is for the provisions of the Potsdam plan to be carried out.

It was more than passing strange that, at the recent Paris conference of the Council of Foreign Ministers, Vlastislav Molotov, insisted that an all-German government should be set up.

ACTUALLY, OF course, the chief, though not the only obstacle to the economic and administrative unification of the former Reich has been Russia. A further obstacle has been the attitude of France, which has insisted that before any such program is carried out the other allies agree to the separation of the Ruhr, the Rhineland and the Saar from the rest of Germany.

With the richest German food areas in her zone, plus considerable industrial resources, Russia has been spared the burden of importing food that the administrators of the British and American zones have had. In the meantime, the continued separation of the zones has enabled Russia to carry out certain political and economic activities designed to make that zone a potential part of Russia's European sphere of influence.

THE FACT THAT Russia has now come forward as the champion of German unification on a centralized basis and that, at the same time, she strongly opposes any further dismemberment of Germany, has led to frantic speculation.

Recalling the close relations that existed between Germany and Russia between 1922 and 1933, and again during the period of the Molotov-Ribbentrop pact, some have read into Molotov's statement regarding Germany the beginning of a Russian policy to rebuild Germany as a future Russian ally.

What is more likely, however, is that whatever Russia's hopes regarding Germany's future political orientation may be her present plans call for transforming Germany into what may be described as the Soviet Union's industrial milch cow.

REPORTS THAT have filtered out from Russia indicate that the job of repairing the devastation of war is proving to be a slow and difficult one. It would have been much easier if Russia could have had a large loan from the United States to enable her to import vast quantities of machinery and machine tools and raw materials.

However, in view of the bull-in-the-china shop tactics that Russia has pursued in her international relations and the concern and antagonism this has aroused in the United States, such a loan is at the moment out of the question.

Even with a loan of the size that would be possible, Russia's recovery needs would still be greater than her capacity to satisfy those needs quickly. This explains why Russia has been so insistent on reparations from all enemy nations and why she has carried out a program of systematic looting in such places as Manchuria and Austria.

AT PARIS MOLOTOV brought up the question of reparations from Germany. He insisted, though without warrant, that it had been agreed that payments from Germany to Russia on reparations account must total 10 billion dollars.

Some saw in this demand merely a bargaining point, since it was so clearly contradictory to Molotov's ardent support of German nationalism. Actually, the reparation demands and the emphasis on a unified Germany go together. What Russia wants is a Germany whose industrial capacity has been revived to the point where she can begin supplying Russia with a multitude of products that Russia needs but which Russia has no intention of paying for.

Unification on the basis of the Potsdam agreement, which stipulates that German exports should be used for the payment of food and raw materials, is not in the Russian plan.

For the United States and Great Britain the situation is so urgent that, regardless of French hesitation and Russian opposition, unification of at least the British and American zones has become an imperative necessity.

People belong to a trade union because they are workers and not professional politicians, but Communists are professional politicians first and trade unionists incidentally—Morris Muster, who resigned as president of the United Furniture Workers, charging Communist domination.

GLOBAL SURVEY

By J. M. ROBERTS
Associated Press Foreign Affairs Analyst
(Substituting for DeWitt Mackenzie)

While the delegates were gathering in Paris for what someone has described as "an Allied conference to make peace among themselves," one of the world's great humanitarian organizations—the Red Cross—was meeting in Geneva and, among other things, discussing preparations for war.

A correspondent writing from the former seat of the League of Nations says:

"Genevans are optimistic about their town's future as a centre of international goodwill and peace. However, the general hopefulness is somewhat clouded by a shadow emanating from the discussions at the International Red Cross conference, where delegates are unanimously concerned about the threat of a future war, which all think possible."

Delegates are said to have discussed "with greatest interest" a Bolivian proposal which called for the establishment of security zones for mothers and children in war areas, as far as possible from military objectives and industrial centres, where life and education could go on while their menfolk sought to destroy each other.

A strikingly similar idea comes from 48 members of the Swiss Parliament, who have suggested that their government should propose, at forthcoming international conferences, the creation on all continents of "oases

THE PERSONAL ELEMENT IN MOTOR CAR SERVICE

Our service shop is a busy place, but not too busy to realize that in the mind of every motorist the most important job in our shop is the work to be done on his car.

We provide the equipment and the staff to give you the personal consideration you want and your car the kind of service it needs. We give you a lot of valuable suggestions and information because it helps our customer to use his car more intelligently and economically, and helps us to serve him more satisfactorily. Drive in when you need service. Know what is being done and why. Make this your headquarters for motor car maintenance.

Relieve HAY FEVER

Hay Fever needn't plague you with its sneezing and wheezing, its itching and gasping. Get relief with Templeton's RAZ-MAH as did Mrs. Wesley Branson, Dunnville, Ont. Since childhood, she suffered from Hay Fever. The older she got, the more she suffered. Tired her druggist recommended RAZ-MAH.

"The very first night I took RAZ-MAH," Mrs. Branson writes, "I slept comfortably. When I awoke, my eyes and nose were dry. I haven't been troubled since!"

Don't suffer a day longer than you have to. For quick, safe relief from Hay Fever, take RAZ-MAH. Used by thousands. 50c, \$1 at druggists. R-18

Is GETTING UP Getting you Down?

If morning finds you only half rested, still weary—if your sleep is broken by fitful tossing and turning—your kidneys may be to blame. When your kidneys get out of order, your sleep usually suffers. To help your kidneys regain a normal condition, use Dodd's Kidney Pills. Dodd's help the kidneys get rid of poisons and excess acids in your system. Then your uneasiness disappears—you can enjoy restful unbroken sleep and awake refreshed and ready for work or play. Get Dodd's Kidney Pills today. 147

of humanity" consisting of whole-neutralized countries where people of all nationalities could seek refuge during wars.

The proposal, in the form of a public appeal, says "thinking humanity is more and more convinced the end of the last war has not brought a true peace" and that "the gap between west and east grows ever larger." "There is no other way, the statement continues, "to save millions from certain death than to create these oases of humanity where every man would have the same rights whatever his nationality and where his economic situation would be assured."

PONDERING MODERNITY

In Pitcairn and Norfolk Islands the modern and the archaic are now strangely blended, says the Montreal Gazette. The grid of a radar installation thrusts its skeleton of steel starkly against the sky on the summit of Norfolk Island's highest point. New Zealand forces, who occupied the islands during the war, have left behind motor cars and jeeps. Airplanes, with "the thunder of silver-winged-birds" are now often seen.

Yet the people of the islands—the Bounty's descendants—are not happy that at last the world

it's white magic at pickling time

Lieutenant-Governor and Mrs. W. C. Woodward are spending the week-end in Vancouver and will return to Government House Monday morning.

Miss Margaret Jensen, who has been visiting relatives in Langford, is now in Vancouver before returning to her home in Calgary.

Miss Margaret Husband of Victoria is in Vancouver to be bridesmaid this evening at the wedding of her cousin, Miss Betty Husband and Mr. Gerry Clerke.

Mrs. John Drew of Victoria will spend the next week as the guest of Mr. and Mrs. A. H. Cox at their summer home at Shannigan Lake.

Mrs. H. R. Bevan entertained a group of visitors to the International Drama Festival at luncheon Thursday at Butchart's Gardens.

Miss H. M. Sloan arrived from Nelson today to be the week-end guest of her brother-in-law and sister, Dr. and Mrs. J. D. Calvert, 898 Victoria Avenue.

Mr. A. C. Turner, superintendent of the Canadian Bank of Commerce, and Mrs. Turner are spending several days from Vancouver, registered at The Priory.

Mrs. E. L. McNiven, accompanied by her daughter, Miss Dorothy McNiven, left Thursday afternoon to spend a month in Toronto.

Mr. and Mrs. T. H. Hinds of Winnipeg and Mrs. S. Dillon of Whitehorse, Ont., have returned to their homes after spending several weeks at the home of Mr. and Mrs. Nelson Hinds, Island Highway.

Mr. and Mrs. Ralph McL. Brown, accompanied by the latter's uncle and aunt, Mr. and Mrs. Harry James of Jacksonville, Fla., and their daughter, Miss Ann James, arrived in Victoria today for several days' motoring on the island.

Rev. T. W. Chapman and Mrs. Chapman with their children, Bruce and Brian, are holidaying in the city from Shelton, Wash. They are staying with Mrs. Chapman's parents, Mr. and Mrs. T. Thomas Bister, Davie Street, and will be in Victoria for two weeks.

Mrs. Warren Hilton is entertaining 50 visitors to the International Drama Festival late this afternoon with a tea and dance party at her home on Rockland Avenue. Thursday afternoon a party of 20 were taken for a drive around Victoria's beauty spots by members of the Women's Canadian Club.

Mrs. J. L. Valentine of Seattle, with her children, Joey and Bobby, has been visiting her parents, Mr. and Mrs. J. W. Ruggles, Royal Terrace, for several days. Mrs. Valentine left today for Vancouver to spend some time with her sister and brother-in-law, Mr. and Mrs. J. A. Macdonell, before returning to Seattle.

Honoring Miss Jacqueline Bennett, bride-elect of this week, her associates at Wilson & Cabell Ltd., entertained with a kitchen shower at the Wishbone Grill Wednesday evening. The guests included Mesdames E. J. Valentine, W. L. Luney, and the Misses Creta Christian, Dorothy Barnes, Shirley Porter, Dorothy Coleman and Beverly Chadwick.

Mrs. A. R. Roberts and Mrs. J. R. Campbell were hostesses at the former's home 2269 West Thompson Avenue, Thursday evening with a party to honor Miss Betty Cottet, whose marriage will take place this month. A handsome walnut coffee table with blue glass top was presented to the guest of honor. A nosegay of summer flowers lay atop the table. Mrs. M. Cottet presided at the supper table and others present were Mesdames A. D. Stevenson, F. Ritchie, L. Fritsch, A. Miller, A. Kinnear, G. Nelson, A. Stokes, R. McConnan, Misses Edith Parsell, Lea Nichol, Shirley Anderson, Elaine Smith, Jean Scott, Zelma Wille and Beverly Barker of Whittier, Calif.

Mrs. C. T. Teakle, who with her husband, Lt. Cmdr. C. T. Teakle, will leave Sunday for Montreal where they will make their future home, was honored at a tea given by members of the Children of France Society in Spencer's private dining-room. A souvenir album of Debussy and Ravel recordings was presented to Mrs. Teakle, the signing page decorated by Mrs. H. G. Parizeau, vice-president. Among the guests were Mrs. L. G. d'Estrube, president; Mrs. R. C. Bowen, second vice-president; Mrs. Frank Cauty, Mrs. A. J. Tullis, Countess R. de La Hite, Mme. Sanderson-Mongin, Mrs. M. Danes, Mme. M. Prulet, Mme. de Girolamo, Mrs. W. F. Beutelspacher, Mlle. de Dietrich, Mrs. W. R. Martin, Mme. Pauly, Mrs. E. Christopher, Mme. M. Vautrin and Mrs. D. Kenny.

Renews Acquaintances Here

MRS. H. H. FAULKNER

Returning to Victoria for her first visit in six years, Mrs. H. H. Faulkner has many interesting stories to tell of life in a Japanese internment camp and of China in peacetime.

Mrs. Faulkner and her husband, who make their home in Tientsin, China, were interned at Weihsin for nearly three years during the Japanese occupation. In this completely civilian internment camp run by their own committees, Mrs. Faulkner was one of the cooks, learning many

ways of stretching an already starvation diet.

Exorbitant prices in peacetime China were illustrated in the cost of the equivalent in Chinese money of 40 gold dollars for a meager dinner for four at the Hotel Metropole in Shanghai.

Mrs. Faulkner returned to San Francisco aboard the General Miegs and expects to visit in Canada until the spring with her mother, Mrs. Henry Howard, Foul Bay Road, and daughter Daphne. Mr. Faulkner will join his family here in the fall.

Morning Ceremony Unites Couple

The marriage of Winnifred Longfield, daughter of Capt. and Mrs. A. MacDonald, and Thomas Benedict O'Neill, son of Mrs. A. O'Neill and the late Mr. O'Neill of Halifax, was solemnized in St. Andrew's Cathedral on the morning of Aug. 3. Father Fitzgerald officiated at the double ring ceremony.

Given in marriage by her father, the bride wore an afternoon frock of pale pink crepe and matching model hat of net trimmed with blue velvet flowers. She wore as her only ornament, a gold wrist watch, gift of the groom, and carried a colonial bouquet of sweetheart roses and white sweet-peas.

Miss Marjorie Webb was the bride's only attendant, wearing a frock of pearl grey crepe with ice blue accessories and carrying a bouquet of mauve and pink sweet peas and Talisman roses. Fred Griffin was groomsmen and ushers were Roger Mathews and Art Montgomery.

At the reception held in the Princess Charlotte room of the Empress Hotel, the toast to the bride was proposed by Tom White.

The couple left by car for a honeymoon at Lake Louise, and for traveling the bride chose a

turquoise fitted coat with blonde wolf cuffs over her wedding frock and beige straw hat. A corsage bouquet of pink carnations completed her ensemble.

On their return to Victoria, Mr. and Mrs. O'Neill will make their home at 207 Sunny Lane.

Years To Make Quilt

CLIVE, Alta. (CP)—For nine years Mrs. R. B. Mills has been plying needle and thread here to complete a quilt. Now it is finished and being displayed by its proud owner.

Estimating her labor at 25 cents an hour one friend said the quilt would be worth at least \$4,000.

In the centre of the quilt are large padded designs of vases surrounded by flowers. The design was made by Mrs. Mills and she says she took it from real life. There are large blue birds, canaries and butterflies in many colors. There are four large quilted peacocks and flowers in applique.

Tricks With Ticking—Changing pillow feathers from one ticking to another is apt to cause a feather storm in the room unless you follow this simple procedure. Cut a six-inch opening in the end of the old ticking and saw that corner inside the opening in the new ticking. Then all you need do is to hold up the pillow and shake the contents into the new covering.

Accompanies Husband From New York

Mrs. Lynn Patrick, her husband and small son, Craig, are the guests of Mr. and Mrs. Lester Patrick, 242 Linden Avenue. They are holidaying here and will return to New York early in September.

Civil Service Loses Competent Women

OTTAWA (CP)—The Civil Service, which during the war attracted thousands of girls from all parts of the country, now is losing them at the rate of 550 a month, the highest turnover the city has ever seen, officials said today.

In the face of this exodus, new government departments are offering any number of well-paid and highly-responsible jobs to women and getting few takers.

The lights of little prairie towns and the maple-shaded streets of old "Main Street" are calling the girls back. They are going home where new jobs in small businesses are opening up, where they can live better for less money, where there is better housing and, not least, more men.

Many of the monthly 550 are married and are returning to their husbands. Another large group is leaving to get married. Most of them waited for a man in uniform and now that he is back, their first stop is the altar. Meanwhile, the health department is advertising for women to fill jobs like these: Assistant director of physical fitness, salary \$3,600; chief nutritionist, \$2,700 to \$3,300; nutritionists, grades one, two and three, \$1,500 to \$2,100.

Stork Kept Busy In Halifax

HALIFAX (CP)—With the stork busier than at almost any other time in the history of Halifax, authorities Thursday were seeking a solution to the housing shortage which has hit Halifax maternity hospitals.

Superintendents said that even hallways were being used for bed space as July figures showed 361 babies born in Halifax hospitals—three less than the all-time record for hospital births in June. In addition, 16 births in private homes were reported last month.

U.S. Cotton Crops Poor

WASHINGTON (AP) - The Agriculture Department Thursday forecast a 1946 cotton crop of only 9,290,000 bales, indicating the United States' supply for the year may be at the lowest level in 18 years.

The prospective supply will be adequate for domestic manufacturing needs and indicated export demands.

MERCHANDISE AT PRICES THAT ALL CAN AFFORD

'Moonstruck Well' Still Moonstruck

FORT ST. JOHN B.C. (CP) - The Alaska Highway's "moonstruck well" at mile 100 continues to baffle science.

For 10 months the well has been flowing true to form under close observation. It goes dry when the new moon appears. Then it begins to yield water slowly day by day until the full moon shines down on the camp when it becomes almost a gusher.

William Roland, camp manager, keeps close check on the well, sole source of water for the Blue Berry maintenance camp. It was sunk by the U.S. army engineers to about 1,400 feet and gave plenty of water for some months. Then it became temperamental and started flowing with the moon.

Nova Scotia Asks Conference Try Again

HALIFAX (CP) - Premier Angus L. Macdonald urged Thursday night the calling of another Dominion-Provincial Conference to make "at least one more effort to bring about a true solution."

The premier's statement was issued on behalf of the Nova Scotia government after a three-day session of the provincial cabinet at which federal budget proposals containing offers of optional financial agreements with the provinces were discussed.

Personals

Following the finale of the International Drama Festival Saturday evening, Mrs. W. C. Nichol will be hostess to several of the groups with a buffet supper at her home on St. Charles Street.

Mr. and Mrs. Patrick Sinnott and daughter, Patsy-Ruth, have returned to their home, Derseen Place, after spending the last two weeks at the Morgan Hotel, Qualicum Beach.

Dorothy Dix

WORLD'S MEANEST WIFE

Dear Miss Dix: I am a woman in my late thirties, with four children, two still in school and two out of school, supporting themselves. A year ago my husband left home and has since refused to live with me, although he has continued supporting us and is friendly to the children. He says he will never live with me again and wants a divorce, but I have refused, feeling he would still give in to me, as he always has before, but this time crying doesn't seem to change him.

Our quarrels were mostly about money. He wanted me to economize, claiming that I could help him by learning how to sew, saving on groceries, and even doing some of the housework. He said that he couldn't afford the money I spent, but this was just an excuse, for when I cried long enough he always managed to get the money.

Don't you think having four children gives a woman a right to take things easy? And isn't saving money a man's worry? He always complained because I accused him in front of the children of associating with other women. He knew I didn't believe it and only said it to get him to do the things I wanted him to do.

I have given 20 of the best years of my life to him and now he thinks he can simply walk out on me. I have tried to make the children understand how mean he is to do so, but they side with him and insist that I should give him a divorce.

Please give me your advice and tell me how I can make him come back.

HEART-BROKEN WIFE.

Answer: You say you have given 20 of the best years of your life to your husband. As you spent them in torturing him, you must have had a pleasant time of it. But how about your poor victim who had to spend 20 years enduring your abuse and your selfishness and your insults before he summoned up enough courage to make a break away from you?

For downright meanness and littleness and lack of all compassion, I have never read any letter that I thought was so cruel as yours, and the marvel of it is, that you don't seem to realize what you have done. That you have put a good man through 20 years of misery and ruined his life and yet you are not only not ashamed of it and sorry for it, but you want him to come back and let you give another turn to the screw!

You ask how you can get him back. You can't. For you must know that you have killed all of his affection and respect for you, and that if he has a grain of intelligence left in him he will never put himself in your power again.

Duncan Bus Staff In New Quarters

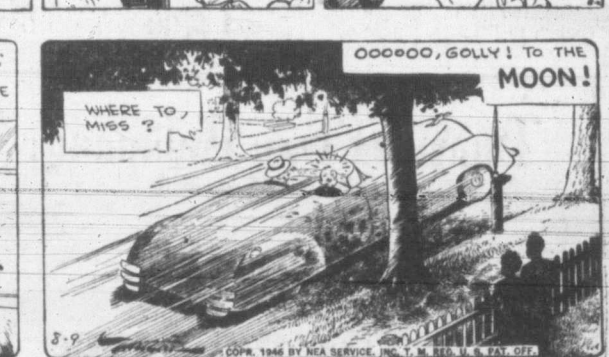

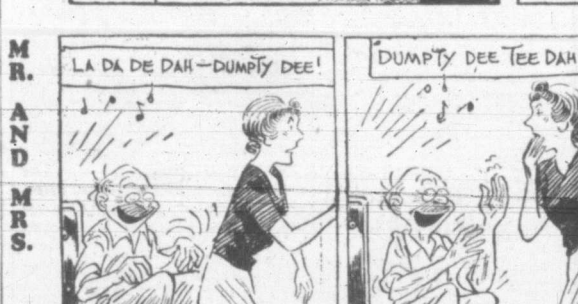

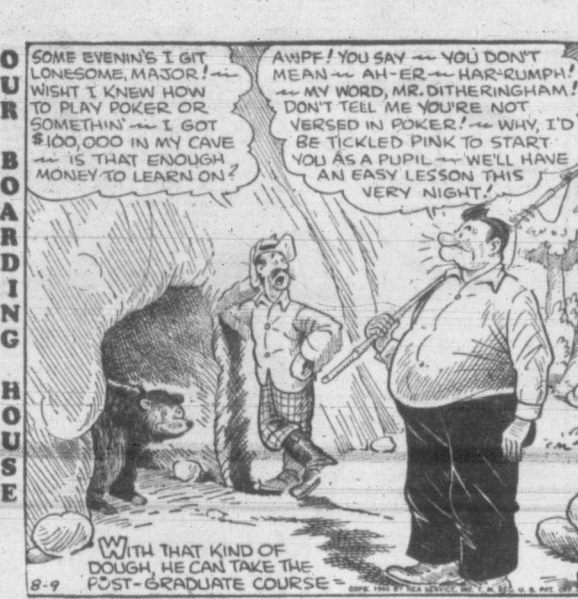

DUNCAN - Staff of the V.I. Coach Lines here are preparing to move into new quarters shortly.

On Monday the work of tearing down the old building, to make room for the parking of buses, started. The lumber is being salvaged and will be used, according to report, to build a church in Duncan for the congregation of St. John's Lutheran.

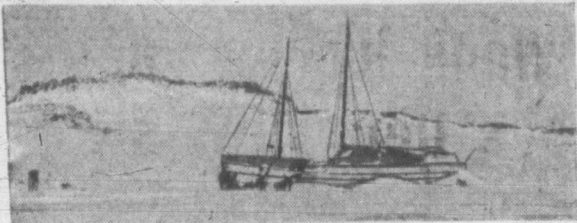

Wives Can Make Husbands A Failure Or Success

Many a wife has ruined the business career of her husband by meddling in business affairs which she knows nothing about. Others cause their husbands to lose enthusiasm for their work because happiness is not available at home—the wife is too busy looking after the children and home to have any time to share with her husband. On the other hand, many women who know how to encourage their husbands, have been responsible for their successes and are reaping the benefits in a nice home, car and all the luxuries of life.

"Help Your Husband Get Ahead" is an article featured in the August edition of Today Woman Magazine now on sale at your magazine dealers. Here is an opportunity for all wives to learn how they may help their husbands. Today Woman is distributed on Vancouver Island by Lovick's News Agency, Victoria, B.C.

Crew Flies To Arctic To Bring Ice-Bound St. Roch To Victoria

St. Roch, as she appeared frozen in at Coronation Bay.

Cpl. W. G. Peters of Victoria, engineer of the R.C.M.P. patrol ship *St. Roch*, frozen in the Arctic ice of Coronation Gulf since last fall, today is en route to the ship.

It is expected ice conditions within the next week or two will permit the crew, headed by Sub-Inspector H. A. Larsen of Victoria, veteran R.C.M.P. navigator, to move the ship out of the gulf. Inspector Larsen and several others of the 10-man crew stayed with the *St. Roch* all winter. The remainder, including Cpl. Peters, were flown out last December.

In Victoria it is understood the *St. Roch* will probably head for the Pacific rather than attempt to navigate the Northwest Passage again to the Atlantic. The ship left Victoria in the spring of 1945.

Cpl. Peters and the crew who came out with him last December will be flown in by an R.C.M.P.

flying boat which will try to dodge floating ice during a landing on Coronation Gulf near the *St. Roch*. The flying boat, one of several operated by the R.C.M.P., has been in touch with the *St. Roch* several times since the vessel, specially constructed for weathering the Arctic ice, was last frozen fast.

Mrs. Larsen, who lives at 1556 Hampshire Road, reported she had received mail from her husband recently which had been brought out by the aircraft. The crew were reported to have been well throughout the winter.

Cpl. Peters is a veteran of Arctic exploration with the R.C.M.P. A crewman of the *St. Roch* since 1937 he has been on all the trips of the vessel into the northern ice since that time. He was engineer of the ship on both trips it made through the Northwest Passage, one from the Atlantic, the other from the Pacific. His wife lives at 1312 Summit Avenue.

Wedged In Bathtub Woman Extricated

NEW YORK (AP)—A husky, eight-man emergency police squad worked two hours today extricating Mrs. Bertha Singer, 280-pound Brooklyn housewife, from the bathtub which had held her prisoner for 17 hours.

Mrs. Singer's son, Harry, night worker in a garage, found her wedged in the zinc-lined tub at 5:30 Thursday morning.

He got his mother some clothes and called neighbors for help. Mrs. Singer, 60, was wedged too firmly between the sides of the tub, however, and Harry called police.

Two radio cars answered the alarm, but the four policemen were unable to budge the woman. A call went in for the emergency squad.

Lifting did little good, even after Sgt. Henry Stiles and eight helpers used a quantity of rubbing oil. He gave up and called for crowbars.

The tub was pried apart enough to lift Mrs. Singer out. Mrs. Singer said she filled the

tub about one-fourth full of water at 9 o'clock Wednesday night to take a bath.

When she found she couldn't get out, she yelled for help but no one heard her. She couldn't reach the stopper to let the water drain.

She said she spent the entire night awake.

"I was afraid to go to sleep," she said, "for fear I'd drown."

Bureau To Make Fraser Valley Movie

Motion picture photographers of the B.C. Government Travel Bureau later this month will begin shooting for a travelogue picture of the Fraser Valley which will show the industries and tourist attractions of the valley.

The work will be done by Clarence Ferris, chief of the motion picture division, who said the movie, to be taken in color on 16-millimetre film and later to have sound added, would be similar to the movie made some time ago on the Okanagan Valley.

Last month Mr. Ferris photographed the cherry festival at Chilliwack.

Leonard's 67 Moves Him Into Second Spot

WINNIPEG (CP)—Vancouver's Stan Leonard, small in stature but a giant in the Canadian golfing world who could be—in the opinion of one who is in the right spot to know—high among the game's greatest, today stands at an ideal point to begin proving just that.

As the \$10,000 Canadian Professional Golfers' Association open tournament went into its third round today the west coast links master was two strokes off the 136-stroke pace set by Ellsworth Vines of Chicago who took the lead after the first 18 holes and maintained it on his second playoff four.

Leonard, standing only five feet eight inches, fired a five-under-par 67 in the second round to close in on the former tennis-playing Vines who could only do a one-under 71 after his par-smashing and record-tying seven-under first round 65. The bespectacled Vines' 71 was the same figure that the Canadian star picked up on his first 18.

As nearly pleased with Stan's performance as any of the Vancouver player's friends was Dick Metz, golfing farmer from Arkansas City who maintained even before the tournament began that Stan was one of the finest golfers on the continent.

"He could without a doubt become one of the top eight players on this continent if he only toured the pro tournament circuit like the American top-notchers."

NEVER IN TROUBLE

In getting his 67 yesterday, Leonard traveled at a fast clip as he went out in 33 and back in 34. He was never in serious difficulty and on no hole did he yield to par.

Vines' putter wasn't behaving as it did on his first 18. He three-putted on the 14th, 15th and 18th to go one over on each hole and wipe out the three birdies he snared starting on the ninth. He had two other birdies besides the three in a row but in addition to his bogie holes on which he three-putted he was one over on two other holes.

Vancouver's other bright light of the links, Freddie Wood, shot a 71 which with his 69 of yesterday gave him 140 and a third-place tie with Freddie Haas Jr. of New Orleans, La., who had a 70 on both rounds. One stroke behind these two was Jimmy Thomson of Los Angeles and New York with 141 from a 69 and a 72.

Jim Ferrier of Chicago held sixth place with 142 and for the seventh position there was a three-way tie with 143—Lawson Little of Monterey, Calif., Sammy Sneed and Dick Metz. Two players, Ben Hogan of Hershey, Pa., and Henry Ransom of Houston, Texas, came up with 144.

Mrs. W. Peden In Singles Semis Of Lawn Bowling Tournament

Mrs. W. Peden of the Canadian Pacific Victoria Club, Mrs. S. Hunter of North Vancouver, Mrs. Greenwood of White Rock and Mrs. F. G. McGregor, West Point Grey, are the four women who fought their way through to the semifinals in the women's singles competitions yesterday when play was completed in the fourth day of the 19th annual holiday tournament of the Greater Victoria Lawn Bowling Association.

The fight for finalist positions will bring together Peden vs. Hunter, and Greenwood vs. MacGregor.

In the men's singles yesterday's play advanced to the quarter finals and the naming of one of the semifinalists. This individual was S. Keenleyside of Mount Pleasant, who took the measure of his quarter-final opponent, R. Miller, South Vancouver, 15 to 9.

Others still in the men's singles are: W. Peden, C.P. Victoria; T. McCormick, Nanaimo; Capt. J. H. Cattroll, Victoria Club; C. Whent, South Vancouver; R. Berry, Terminal, and H. Smith of Courtenay.

In the men's doubles, two semifinalists were decided during the day. They are the West Vancouver pair of Fulton and Charrett, and the Victoria Canadian Pacific Club combination of Nasmith and Hamilton.

Other men's doubles semi-playoffs will be determined through matches between: Williams and Quartermain of Terminal Club vs. Alf Marconini and Harry Jackson of the Victoria Club; Stephens and Garvin of Kerrisdale vs. Rae and Bennett of Grandview. These two matches will be played off tonight on the Beacon Hill Club greens.

SECTION WINNERS

The 16 section winners in the men's doubles follow:
Sec. 1—Kenmair and Kenmair, Nanaimo.
Sec. 2—Pearson and Marindale, Burnaby.

500 See Tillicums Nose Foul Bay In Keen Lacrosse Tilt

Goals netted from the sticks of Stewart, Booth and McMillan in the final quarter of play provided the scoring punch that carried Sid Anderson's fleet-footed Tillicums through to a 10 to 8 triumph over Keith Ludbrook's Foul Bay septette last evening in a close, hot scramble that produced an hour of keen entertainment for 500 supporters.

It was a fight between the two most evenly-matched teams in the five-squad circuit for possession of the second slot in the standings and the decision gave the position to the Tacs, who have eight points compared to the leading Legion's dozen.

Tonight Foul Bay will again have an opportunity to climb up alongside their keener rivals in the number two position when they oppose the last place Navy, starting at 6.30.

CLOSE-CHECKING

Players on both sides kept a close watch on their checks and played a fast-breaking game. Neither team managed to score in the opening 15 minutes. They succeeded in getting the hard, rubber into hemp several times in the second session, which finished with the Tillicums ahead 5 to 4 at the half. By the end of the third quarter Foul Bay had the front position on the scoreboard by rapping in three goals to their opponents' one.

The large crowd—biggest of the season to date—thoroughly enjoyed the final period. Score went into a 7 to 7 knot through a Tillicum goal. Then came three consecutive rallies from the efforts of Stewart, Booth and MacMillan which put the Tacs far enough ahead to carry them through.

After this Foul Bay tried their hardest to make the large side of the score read in their favor, but the game's final whistle sounded after Tom Halbert, a three-goal man for top scoring honors of the night, had found hemp with a shot.

Teams and scorers follow:
Foul Bay: Thompson, Reid, Chunggranes, Wilson 1, Halbert 3, Irwin 1, Shubrook 2, Taylor, Walker, Holding, Jenkins, Ludbrook 1, Thomas, Corckett, Fleming.

Tillicums: Aitken, Scott, Long 1, Scotty, McMillan 2, Lawrence, Stewart 1, Popham, Winters 1, O'Connell 1, Hunter 1, Gower 1, Anderson, Ritchie, Booth 2.

There were some particularly interesting contests in these intersection playoffs and quarter finals. Nasmith and Hamilton narrowly gained their semifinal berth. After having beaten Peden and Hislop in the intersection playoffs by the close margin of 13 to 12, they gained their semi slot after a keen fight with Land and Wilson in which they emerged victor by the same score.

The Marconini-Jackson team of bowling skill secured their quarter final position after a nip-and-tuck struggle with the Barton duo of Nanaimo, gaining a 15 to 14 verdict.

FINALS TOMORROW

The most centrally-located C.P. greens, behind the Crystal Garden, has been chosen as the site for Saturday's unplayed semi and finals games in the tournament.

The women's doubles at Victoria West greens progressed to the point where the fourth round and onward will be played this evening starting at 7 on the same grounds.

A. Urry, tournament manager, reported that mixed rinks' section winners today play tonight at C.P. to decide the semifinalists. He further reported that a draw game will be played Saturday afternoon for all contestants and others wishing to play, but not entered in the tourney, at Victoria and C.P. club greens. Play will get underway around 1.30 or 2.

Women Participate In Bowling Tournament

All the interest in the current holiday tourney of the Greater Victoria Lawn Bowling Association is not confined to the men. Good share of the record entry are members of the fair sex. Here are a group of local contenders during a keen match at the Beacon Hill greens. From left to right: Mrs. A. Macdonald, Mrs. T. A. Miller, Mrs. M. Jealous and Mrs. D. McLeod all of the Canadian Pacific Club and Mrs. B. Munro, Mrs. A. B. Harris, Mrs. A. Jeffrey and Mrs. John Kyle, Victoria club members.

Feller Hall of Fame Candidate

Hurls Eighth One Hitter

It is still too early to compare Bob Feller, Cleveland's great right-hander, with such pitching immortals as Walter Johnson, Christy Mathewson, Cy Young and Grover Cleveland Alexander, but at the rate he is moving along, the former boy wonder appears a cinch to be voted a place in baseball's hall of fame just as soon as his pitching days are over.

The Indians' mound master shattered a 36-year-old standard yesterday when he racked up his eighth one-hitter as he blanked Chicago White Sox 5 to 0 in the first game of an American League doubleheader.

With just eight Big League years behind him—only five of them complete—rapid Robert has two no-hit masterpieces to his credit, in addition to his eight one-hitters and has allowed fewer than five safeties in 20 other games. He holds two strikeout marks—most in one game, 18; and in two consecutive games, 28, and is one of five American League pitchers to fan six men in succession.

Despite Feller's masterpiece, the Indians could do no better than gain an even split as the White Sox nipped the Tribe 7 to 6 in the 10-inning nightcap.

SOX PLAY YANKS

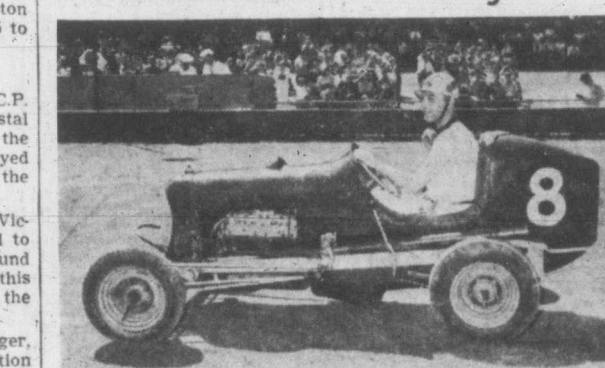

The Boston Red Sox prepared for their four-game series with the second-place New York Yankees beginning today by whipping the lowly Philadelphia Athletics twice 4 to 3 and 10 to 6 despite being out in each fray. The Yankees remained 13 games behind the Red Sox by sweeping a twin bill from Washington Senators 9 to 3 and 13 to 1.

Pete Reiser celebrated his return to Brooklyn Dodgers' lineup by bashing out a home run and triple to drive in all the Brooks' runs in their 3 to 1, 10-inning victory over New York Giants. The triumph increased the National League leaders margin over the idle St. Louis Cardinals to two full games.

Five Cincinnati errors, two in the 10th inning, enabled the Chicago Cubs to eke out a 2 to 1 win over the Reds. Philadelphia Phillies and Boston Braves divided a free-hitting twin bill with the Phils winning the opener, 9 to 8 and the Braves the nightcap, 7 to 6.

Will Race Here Tomorrow Night

Auto races at the Langford Speedway tomorrow evening will see the return of Buddy Green, seen above at the wheel of a midget, to competition. A former Victoria boy Green is now living at Seattle. Races will be featured by the appearance of eight speedy cars from the South City. Other well-known pilots to show will include Don Baker, Bud Nelson, Zeke Ziegler, Cy Perkins, Del Fanning and Ken Gardner. Eight local drivers headed by Diggar Caldwell will seek to keep the honors at home. Time trials are set for 7.45.

Jimmy Dykes New Pilot Of Hollywood; Seals, Oakland Win

Jimmy Dykes removed his chewing cigar today and chortled that the Hollywood Stars hustled up quite a welcome for his debut as a manager in the Coast Baseball League.

The former pilot of the Chicago White Sox arrived in Portland by air last night in time to grab a uniform and see the Stars, with a little coaxing from their new manager, romp to a 5 to 0 victory over the Portland Beavers.

Dykes, who resigned early this season as White Sox manager after a long tenure, took over the Hollywood club in fifth place, where it was left by Robert (Buck) Faust.

Southpaw Aldon Wilkie limited the Beavers to six hits.

SEALS HOLD MARGIN

San Francisco's Seals held their three-game margin in the pennant chase, after two straight defeats returning to the victory road, 9 to 0 over the Seattle Rainiers. Ray Harrell, winning his ninth against six losses, allowed the Rainiers six hits.

The second-ranking Oakland A's squeezed out a 2 to 1 decision over the San Diego Padres on a single by Brooks Holder scoring Max Marshall in the 14th inning.

Los Angeles snapped the Sacramento Solons' winning streak at nine games, shutting them out 2 to 0 behind the two-hit hurling of Charles (Red) Adams.

The practice originally slated for Sunday morning at MacDonald Park for members of the Mustangs gridiron club has been canceled.

Jubb-Salmon Win Aggregate Trophies At Kelowna Regatta

KELOWNA (CP)—Victoria entries captured 10 B.C. championships, while Vancouver teams and swimmers took eight, in the 40th annual international Kelowna regatta here.

Two new Canadian records were set yesterday, with Victoria taking one and Vancouver, copying the other.

Irene Strong of Vancouver was the individual star of the meet, piling up 122 points in winning the Hiram Walker Cup as female aggregate champion. She also picked up three other trophies in a two-day span and capped her accomplishments by swimming to her 17th Canadian record.

Miss Strong clipped a second off the former mark set by Joan Langdon to go the 50-yard breaststroke dash in 34.2-3.

The other record-smashing effort was turned in by Eric Jubb of Victoria, who broke the record set by Toronto's John Dean when he churned through the 50 yards junior backstroke in 29.1-5 seconds, one and a fifth faster than the easterner's time.

Jubb collected the Perry Norman Cup as junior boys' champion, and Pete Salmon, also of Victoria, had no trouble in annexing the Blackwell Challenge Cup, emblematic of the men's aggregate championship as he finished with 78 points.

The only outside squad to make a sizeable dent in the awards was Ray Daughters' Washington Athletic Club entry from Seattle. His junior star, Lois Scott, edged out the V.A.S.C. stable in two events, and Dick Newton won the one-mile swim in a terrific duel with Vancouver's Ted Willson, which ended with Newton the winner by less than a yard.

Yesterday's results included:
50-yard freestyle, junior boys' open: 1, Eric Jubb, Victoria, 29.1-5; 2, Jack Creighton, Victoria, 30.3-4; 3, Bob Thistle, V.A.S.C. Time, 29.3-4.
50-yard breaststroke, ladies' open: 1, Irene Strong, V.A.S.C., 34.2-3; 2, Joan Langdon, Victoria, 35.1-4.

Two Cricket Games Tomorrow; All-Stars Travel Next Month

Tomorrow afternoon's menu for cricket ardent in the greater city calls for games on the Beacon Hill and Windsor Park pitches and matches the two top clubs against the bottom-place units. Both games start at 2.30.

The Oak Bay Club, which has breezed through the 1946 schedule without a defeat in nine games are heading the parade with 18 points. They will have the winless navy for opponents on the Windsor green.

Five C's in second berth with 14 points garnered from seven wins in 10 matches, take on the third place Albions. The C's suffered two of their defeats at the hands of Oak Bay and one from Albions, who gained one of their two wins from Navy and the other from the C's.

MAINLAND TEST

Next big item concerning the local cricket front, according to Bill Anders, secretary of the Victoria and District Cricket Association, is the invasion of Vancouver by a local All-star eleven on Sept. 2 for a return intercity match. Victoria was at home to the mainland city's representatives here on Dominion Day and emerged with a win.

Teams for tomorrow's matches follow:

Five C's: George Payne (captain), Jack Payne, Tom Harper, Charles Pugh, A. Griffin, S. Hardt, M. Hughes, Percy Shrimpton, P. Payne, A. Attwell, Tom McKeachie, George Petch (reserve).

Albions: Les Gibbons (captain), E. D. Freeman, S. W. Barclay, Ted Oakman, J. Rowe, R. Rowe, G. F. Currie, G. McIlvenny, V. G. Pritchard, Jack Thorner, N. Swanson, G. Lewis (reserve).

Oak Bay: Dobbie, R. Wenham, Colquhoun, Jones, D. M. Morgan, O. B. Morgan, Sparks, J. G. Wenham, Brewin, Tisdall, Scott, Robinson and McNair (reserves).

Walter Guthrie Dies At Michigan Town

Walter Guthrie, for several years associated with Harry Eve and Phil Taylor as assistant professional at the Victoria Golf Club, died recently at Vassar, Michigan, it was learned here today.

On leaving Victoria Guthrie held jobs at Nanaimo and the Jefferson Park Club, Seattle, following which he took over the professional's job at Wenatchee where he remained for 20 years.

Guthrie served with the Canadian Army in the First Great War leaving with the 67th Western Scouts.

Pitzer and Nex, leaders of the Victoria Athletics Junior Baseball League, will meet United Commercial Travelers this evening in a league game at 6.30 at MacDonald Park.

Weak Hurling Marks A's Defeat By Stars

FRIDAY, AUGUST 9, 1946 PAGE 9

Weak Hurling Marks A's Defeat By Stars

Only good news in the camp of the Victoria Athletics today was word that Manager Ted Norbert is back on the active list and will be ready for pinch-hitting duty. The local Western International League club had another bad night in dropping its third straight game to Yakima Stars last night, 15 to 5, before around 900 fans.

Crowd found little to get excited about as far as the home club was concerned so took special delight in getting on the umpires, Rice and Harris. After the latter admitted missing a tag play at first base on McConnell, in the fourth inning, when it looked as if the runner was out by a city block, the fans were on his neck the rest of the way.

"He's out there looking for four-leaf clovers," shouted one boisterous customer. Rice came in for his share of criticism behind the plate. Fans had to work off their enthusiasm on somebody so the emps suffered. Poor pitching robbed the A's of much chance to win as three flingers, Ferrara, Blankenship and Oliver gave up a total of 15 hits and 16 bases on balls. Oliver issued eight walks in working three and two-thirds innings. Starting hurler Ferrara, after Yakima had scored three unearned runs in the first inning, appeared to lose all interest. He was chased after three innings charged with five hits and seven runs. His relief, Blankenship, worked two and one-third innings, to give up seven hits for five runs.

In fairness to the pitchers, they didn't get the best of support with five errors charged against their teammates.

HARRIS HITS WELL

Veteran Yakima outfielder Spencer Harris had a big night with the stick, pounding out four hits in five trips, including a double. First baseman Garbe drove in four runs and manager third baseman Cliff three. McConnell, Yakima catcher, worked the Victoria pitchers for five walks and in his sixth appearance at the plate, smashed a double.

Of the nine hits picked up by the A's, four of them were doubles by Cherry, Paulson, Murphy and Stumpf. Three of the doubles came in the third inning when the Victoria club scored two of its five runs.

Winning pitcher was stocky Al Yaylan, number one member of the Yakima corps. He came up with 12 strikeouts and on two occasions struck out the side. The three walks he issued all came after the sixth inning.

Business manager Reg Patterson of the Athletics announced today that pitcher Jimmy Dumeah had been given his release.

Clubs meet in the fourth game of the series tonight, starting at 8. Johnny Carpenter is slated to start on the mound for the A's.

SALEM WINS PAIR

Salem's slipping Senators declared themselves back in the league title race last night with a double triumph over the Vancouver Capilanos to move within 1 percentage point of the second-place Bremerton Bluejackets.

In taking last night's encounter 9 to 1 and 12 to 4, the Oregonians bounced back to within three games of the lead they lost to Wenatchee recently. Front-running Wenatchee capped.

TYPICAL FAMILY

"The Bretons of Elm Street" by Henrietta Ripberger (Thomas Allen Ltd.).

SEQUELS TO "112 Elm Street," this is the story of Mr. and Mrs. Breton and their three children with the addition to the family of the soldier son's wife and three-year-old daughter and Charles, a 14-year-old evacuee.

Through Mrs. Breton a series of isolated episodes in their life is told in an understanding fashion. A typical North American middle-class family, their counterpart can be found in any average suburb across the continent.

Because Mrs. Breton's eyes the story will probably have its most sympathetic response from mothers of grown families.

AUSTRALIAN STORY

"Lost Haven," by Kylie Tennant (Macmillan).

THIS is the story of an Australian coastal town developed from a small settlement of a few families who intermarried and who gradually developed a way of life of their own.

Their most outstanding characteristic is a spirit of cheerful dishonesty and lawlessness. Readers may suspect that Kylie Tennant, the 30-year-old author who ran away from home when

she was 17, may have been at one time a resident of the community. "Lost Haven" is written in a way that suggests intimate knowledge as well as creative ability alone.

The novel's people depend for their living on a sawmill, fishing and casual shipbuilding. Although their standards can't be held up for admiration readers will find themselves sympathizing with them because of the understanding with which Miss Tennant tells their story.

"Lost Haven" seems to be a bit of Australia and a story that could not be told of any other part of the Empire. Although the dialogue is at times startling it always rings true.

Value Of Forest Industry To B.C. Stressed By Druce

Forty per cent of British Columbia's total production value in 1945 came from the forest industry, Eric Druce, forester, public relations and education division of the B.C. Forest Service, told the Rotary Club in Empress Hotel, Thursday, in an address in which he emphasized the "integral" part forests and forest industry play in the life of the people of the province.

"Canada is predominantly a wood-producing country," he said. "She ranks third in the world with Russia first and Brazil second. B.C.'s gross forest production in 1945 was \$147,000,000, while 11 years ago it was \$45,000,000, making a 200 per cent increase. Agriculture for 1945 grossed \$97,000,000."

He discussed forest education in Canada comparing it with that in Russia.

"There are 4,000 students at the University of Petrograd studying to be foresters and approximately 1,000 graduate a year," he said. "That is just one university."

4 FOREST SCHOOLS
"In Canada just a little behind Russia in producing timber there are four forest schools in the Dominion and since 1907 when the first two schools were established, 900 trained foresters have graduated. There are between 50 and 60 graduating a year in Canada now while a total enrollment in the four schools is 700."

Victoria State in Australia has launched a two-year \$16,000,000 forest project with \$5,000,000 to be spent on fire protection, Mr. Druce told his audience. B.C. just recently increased its allotment for fire protection to nearly \$1,000,000, he added.

60 PER CENT FROM B.C.
Sixty per cent of the sawn timber in Canada comes from B.C., Mr. Druce said. Year-round employment was given to 37,000 to 38,000 persons in some 1,600 logging operations and 630 primary manufacturing plants, he said, adding that 75,000 persons were directly dependent upon the forests for their daily paycheck.

He outlined the various sections of forest administration, fire protection and reforestation. He discussed the loss of timber through fire, forest insects and disease. Mr. Druce concluded his talk with a quotation from Chief Justice Gordon McG. Sloan's report following hearings of the Royal Commission on Forestry. Len Hobbs, president, was in the chair.

Hoffman's School Of Music Will Open Fall Term Sept. 3

The Victoria School of Music and Opera, under the direction of Professor J. B. Hoffman, 617 Fort Street, will open for the fall term Sept. 3. This marks the beginning of the 12th year since Prof. Hoffman opened his studios in Victoria, and many of his pupils have won the acclaim of the music-loving public.

His skill in voice training has been acknowledged and commented on by outstanding vocal teachers in Toronto and New York.

The winning of highest awards at music festivals by his pupils serves to testify to the skill Prof. Hoffman possesses in training voices. A feature of this school is the annual concerts and operatic performances which not only show parents and friends the pro-

gress made by the student, but also offer valuable training in stage technique, acting and poise.

Prof. Hoffman is a graduate of the Royal Academy of Music in Berlin, where he studied voice under Signor G. B. Lamperti and piano with Prof. Philip Scharwenka. After graduating, he received the appointment of Royal Opera Singer at the Royal Court Opera in Berlin, and also was called upon to give guest performances in Vienna and Prague. He sang principal parts in opera with Madame Schumann-Heink, Lily Lehmann, Marcella Sembrich, Emmy Destinn, Emil Goetz, Ernest Kraus, Franz Beetz, Bonci and Arimondi.

In 1903 he went to New York and taught voice and piano there and later in Louisville, Ky., where he also became a member of the Louisville University Symphony Orchestra, and held the position of organist and choirmaster in one of the largest churches in that city.

Prospective students are asked by Prof. Hoffman to enrol early.

SCHOOLS & COLLEGES

Private Schools Teach Teamwork Through Games

Private schools operate under the belief that games and music should be an essential part of all education and that children should live in an elevating environment.

Their ideal of a healthy mind in a healthy body goes back to ancient Greece. The Hellenes told their youth to feast their eyes on beautiful architecture and their ears on lovely music.

Those in charge of Vancouver Island's private schools believe that games are healthy and exciting, tending to develop strong bodies and innocent minds. They point out that boys and girls engaged in games and study have no time for other thoughts. Sturdy bodies are the result of sound eating and sleeping produced by taking part in games.

In order to prevent haphazard playing and any bullying, all games are supervised. The sport program in island schools leans

toward team games to develop a spirit of fair play and teamwork. Individual prowess is recognized, but not over-emphasized, as the students are taught to play as members of a team and not as individuals.

STUDIES COME FIRST

Throughout the school year, however, studies come first. It is realized that no reputation is better for a school than a scholarship with the school winning renown through producing learned boys.

Island private schools also teach music appreciation on the principal that young people should hear good music before their taste is corrupted, and should learn to like it "without tears."

Greek ideals are followed in the building of private schools, too. Settings are attractive with spacious grounds and harmonizing interior decoration.

Health Officer Warns Preventive Measures For Polio

Although there has been no incidence of infantile paralysis in Victoria to date, Dr. J. L. Murray Anderson, medical health officer, today urged parents to take all precautions because of potential dangers of the spread of the disease from the increased tourist traffic.

He said that infantile paralysis starts with stomach upset, fever, and soreness of the neck, arms or legs. Many cases never go beyond this stage, but are the means of spreading the disease through the community. More serious cases develop pain and weakness in some muscles, and later paralysis. Younger children are more often afflicted, and any mother observing these symptoms should immediately contact her doctor.

The virus causing the disease is spread by several means and some epidemics have been associated with the use of raw milk from a single dairy. In others insects, rats and mice spread the virus, Dr. Anderson said.

The best means of prevention he said is to keep children from all crowds, have strict personal cleanliness, and use pasteurized milk at all times. Fresh fruits and vegetables should be thoroughly washed.

Hanging Baskets Delight Portland's Dramatic Party

Twenty members of the Portland Civic Theatre, now in their 21st year, arrived in the city yesterday and will appear at the International Drama Festival to night in "The Miracle of St. Anthony." They described their reception in Victoria as "wonderful."

"We were welcomed with open arms," said Leonard Hicks, "everything was done for our comfort and happiness."

Mr. Hicks is on his way to New York to begin his career in the professional stage and to meet his wife who has just returned from Germany, where she has been with Civilian Actor Technicians.

Asked what impressed him most in the city, Mr. Hicks replied unhesitatingly that the flowers had delighted them all. "We do not see flowers in the city of Portland itself, except in the florists' shops," he explained. "Victoria's hanging baskets were delightful and unexpected."

Another interesting personality with the group is Alexander Oumansky, who is on holiday with his wife and daughter, all three being in the cast of the Portland production. Mr. Oumansky was a member of the Ballet Russe for 30 years. In September he will return to Portland to teach Russian ballet. His daughter, Valentina, is just back from New York, after an engagement in the musical show "Okla-homa," in which she did specialty dancing.

Director of "The Miracle of St. Anthony," Donald Marjey, was formerly with the Carnegie Institute. He has been a director of civic theatre for longer than any other person in the United States, and has done a great deal to build up the Portland theatre and dramatic school, having been with them for the last 10 years.

Only Homes For Rental May Be Built If Costs Go Higher

The prediction that if building costs continue to spiral upwards the small home builder and individual home owner will be thrust out of the picture in favor of large housing projects for rental financed by government or large corporations was made today by Victor Leigh, president of the Victoria Builders' Exchange.

He said that he and the other contractors of Victoria were finding more and more that individual veterans or other medium-income bracket families who had plans to build their own homes were waiting until the building costs settled back to their level. "I can't say I blame them," Mr. Leigh commented, pointing out that a five-room house which a year or so ago could be estimated to cost around \$4,000, could not now be built under \$5,500.

"It is toughest on the small

contractors, who depend on these individual jobs for their living," he pointed out, warning that many of them might be wiped out of business.

"If costs go up another 10 or 15 per cent," he continued, "we will see a decided slump in the building of individual homes."

He said he could not see builders abandoning projects already started, even if it meant a loss to complete them. "The builder who has started a job will finish it," he declared, "in an effort to salvage what he can and minimize his loss."

He said N.H.A. was not now prepared to give housing loans based on present construction costs, "which leaves it up to the government to finance home building, if as many homes are needed to house our population as the government figures indicate."

Town Topics

City Hall Employees' Association will meet in the City Hall chamber Friday evening at 8.

Bawa Singh was fined \$25 when he pleaded guilty in Saanich police court today to a charge of dangerous driving on Whiteside Avenue, off Carey Road, Thursday evening.

Provincial Works Department today called tenders for the erection of a nurses' home, four doctors' residences and library at the tuberculosis sanatorium at Tranquille. Bids will close at noon Sept. 4 when they will be opened.

Premier John Hart and Labor Minister-Provincial Secretary G. S. Pearson today attended funeral services at Ganges for Gilbert James Mouat, 59, well-known Salt Spring Island resident who died Monday at Vancouver General Hospital.

Approximately 97 per cent of the Anglican Church Appeal has been realized. Sir Henry Drayton will speak at Qualicum Sunday. To complete the island's quota, \$3,000 is required. Sir Henry hopes that all those who have not yet contributed will send in their gifts within the next week. Many dioceses are already over the top.

The American Consulate at Victoria has received information from the Department of State, Washington, D.C., stating that Congress had adjourned without further postponing the operation of Section 404 of the Nationality Act of 1940. All naturalized citizens including citizens by marriage, who are subject to loss of citizenship under this section of the act, will be required to return to the United States for residence on or before Oct. 13, 1946, in order to avoid expatriation.

E. N. Eisenhower, Tacoma, Wash., attorney, and brother of General Dwight Eisenhower, is visiting Victoria and is staying with his wife at the Empress Hotel. Mr. and Mrs. Eisenhower plan to stay here until Sunday. They last visited here in August, 1945, when Mr. Eisenhower said he had not had much opportunity of seeing his famous brother. Since then, he, the general and their other brothers have been luckier and recently were able to get together for a fishing trip.

City Need Not Give Wednesday Closing

According to the opinion of City Solicitor A. J. Patton the City Council is under no compulsion to grant all-day Wednesday closing to meat stores, on any other class of merchants applying for the five-day week.

The question came up with the petition submitted by 78.5 per cent of the butchers of Victoria for all-day Wednesday closing, which has been opposed by the remaining butcher stores.

In a letter from Crease, Davey and Co., solicitors for the minority butchers, it is contended that the 1946 amendment passed by the Legislature to the Shops Regulation and Weekly Half Holiday Act, does not make it mandatory upon municipal council to pass a by-law when petitioned by 75 per cent of any class of merchants.

Mr. Patton agrees with this interpretation of the act, and is referring the by-law back to the City Council. It came up at last Monday's meeting, and was turned over to him for interpretation.

"It is purely a matter of City Council policy whether they wish to grant these petitions, or not and I cannot make a recommendation on the policy matter," he commented. "The by-law as it stands is in order and the petition has been properly presented."

Poland has exported 100,000 tons of cement to the Soviet Union in six months.

3 Cowichan Girls In Contest For 'Lady Of The Lake'

DUNCAN—Lucille Grip of Youbou, Delphine Williams of Lake Cowichan and Sonja Westwick of Mesachie and Honey-moon Bay are the three comedy candidates being sponsored by districts in the Cowichan Lake area for the honor of being crowned "Lady of the Lake" at the Lake Cowichan United Organization's annual Labor Day celebration and Kinsman carnival.

Pupils of Cowichan Lake High School, voting in the sections to which they belong, elected the three candidates from among their numbers.

A lively competition is already underway through the support being given the three.

1-Ton Fire Bell In Leaning Tower Worries Alberni

ALBERNI—This up-island centre has its own leaning Tower of Pisa and a disused one-ton fire bell is adding to the problem.

Alberni council is concerned because the bell is at the top of a tower which is gradually becoming rotten at the foundation. Since the tower is now leaning against the building, its removal may soon become necessary.

Primary school children have been at school in this old fire hall building although they may not return there when schools reopen for the fall term.

The fire bell weighs nearly a ton. To get it down from its position is the responsibility of works superintendent Sandy Gilmore.

The fire hall building is centrally located and may either be put up for sale or used by the city for some other purpose.

John Shaw Named Pearson's Assistant

Labor Minister George S. Pearson announced today the appointment as his executive assistant of John Shaw, well-known Victoria newspaper correspondent.

"Mr. Shaw will relieve me of some of my duties and responsibilities in both departments," said Mr. Pearson, who is also Provincial Secretary.

A native of Victoria, Mr. Shaw has had wide newspaper experience including service with the Victoria Daily Times, Toronto Daily Star and Vancouver Daily Province on this continent, and in the Orient with several newspapers and news services.

At the outbreak of war he left his post as legislative correspondent in Victoria for the Vancouver Daily Province to join the British navy. Serving throughout the war on Atlantic patrol and in the invasion of Normandy, he was discharged early this year with the rank of lieutenant-commander and returned to his former position here with the Province.

Council Action In Nursing Problem

The City Council will be asked at its next meeting to endorse a resolution submitted by Ald. F. G. Mulliner requesting the Provincial Department of Health and the nurses' association to take necessary steps to avoid any further aggravation of the nursing shortage situation.

In his resolution Ald. Mulliner asked the City Council to "explore the increasingly serious situation in respect of the care and health and welfare of our people in prospect as a result of the cancellation by the Registered Nurses Association of Sept. 1, of the temporary nursing permits held by persons being qualified nurses from outside the province, without the academic standing required by the association."

He urged that "immediate and effective steps" be taken by the

Awarded Road Job

Contract for reconstruction of 20 miles of the Parksville-Alberni highway has been awarded to General Construction Co. Ltd., Works Minister E. C. Carson announced.

The company's bid of \$708,434 was the lower of two submitted. B.C. Road Engineering Co. Ltd. offered \$910,984.

Aldermen-Fined \$144

HALIFAX (CP)—Seven of Halifax's 12 aldermen have paid a total of \$144 in fines for failure to attend city council or committee meetings without justifiable cause, City Clerk W. P. Publicover has disclosed.

The tomato originally was believed to be poisonous, and was grown only as a decorative garden plant.

8 Die In Plane Crash

HONOLULU (AP)—A United States Navy PBV with eight aboard crashed into the sea off Oahu Thursday and sank immediately, 14th Naval District announced.

Skeletons Unearthed

MANILA (AP)—The skeletal remains of more than 150 Filipinos, jammed in a cave where they were slain by the Japanese, were unearthed today near Baguio by war crimes investigators.

Milkman Hurt

A milkman suffered head injuries when pinned in the cab of his truck in a spectacular traffic accident at Mears and Vancouver Streets at 5:35 this morning.

He is D. R. Hudson, 1099 Colville Road, driver for Shepherd's Dairy.

In the crash with another car which police said was driven by Councillor W. C. Kersey of Saanich, 1246 Fairfield Road, the milk truck turned completely over, scattering cases of bottled milk and empty bottles over the pavement.

2,600 Meat Coupons

Victoria is keeping up its record for voluntary surrender of surplus ration coupons with 2,657 turned in to the local ration office since July 15.

A total of 2,606 meat coupons, 42 butter and 9 sugar were turned in, according to A. B. Food, foods ration officer, Wartime Prices and Trade Board.

Majority of the coupons were sent in through the Red Cross food coupon collection committee. The board will shortly send shipments of the new ration book to points throughout the island, with distribution set for Sept. 9 to 16.

City Police Hold Man For Questioning

City police today are holding in jail a man who has been summoned to appear in court next Monday on a charge laid under the Juvenile Delinquent Act, and who also is to be interrogated in connection with the murder of a small boy in Calgary last month, and possibly two other murders of boys in Winnipeg and Vancouver.

Chief John A. McLellan said police of Vancouver, Calgary and Winnipeg have been advised of the arrest of the man, and an investigator from the Calgary force is expected to arrive here this afternoon or tomorrow.

Kills Self With Shotgun

Two Packers Unload

Two packers landed a total of 73,000 pounds of salmon at B.C. Packers Ltd. today. Both company vessels, they were the Roy Roberts, with 60,000 pounds, and the Ivanna, in here for the first time, with 15,000 pounds.

her parents had forbidden her to see, then shot herself to death by tripping a shotgun trigger with a toe, police reported.

Value Of B.C.'s Mineral Output

Higher By \$8,400,000 In 1945

British Columbia's mines, geared for war production during 1945, produced minerals valued in excess of \$63,300,000, an increase of \$8,400,000 from 1944, annual report of Mines Minister R. C. MacDonald showed today.

In the metals group, gold decreased 6 per cent from the 1944 total; copper decreased 28.8 per cent in quantity and 25.5 per cent in value, while silver, lead and zinc increased from 7.6 to 20 per cent in quantity and 18 to 61 per cent in value.

Strike-bound for a short time, coal mines produced 415,000 tons less during 1945 than in 1944, a decrease of 21.5 per cent

Amateur Actors Need To Study Technique Steadily Adjudicator Tells Drama Festival Audience

By AUDREY ST. D. JOHNSON

In adjudicating Thursday evening's session of the International Drama Festival, E. G. Sterndale-Bennett commented on the difficulties set for themselves by amateur groups in the selection of plays which, on the surface, appeared simple.

Such plays frequently were full of pitfalls for the average group, lacking in technique. The adjudicator felt that amateurs should make a closer study of technique. He pointed out that a musician will practice as much as eight hours a day, but he doubted whether the amateur actor ever thought of technique unless he was actually on the stage, when the lack of it is brought depressingly to his attention.

Once more, he emphasized the need for sincerity in the playing of a part. The actor must believe what he is doing and his concentration must be complete before he can project a thoroughly believable characterization to the audience.

FRENCH ACTOR DELIGHTS

A highlight of the evening's performances was the last-minute entry of Le Camp Francals from Shawinigan Lake. This group, formed about nine years ago at Shawinigan Lake, is in reality an informal school of French culture, meeting in the summer months. Its objective is to teach the French language and arts by practice and example. This school has had as its dramatic director this year the outstanding French actor, Andre Frere, who electrified his audience Wednesday night with his half-hour sketch in English. Last night he again contributed to the program, in French, impersonating a volatile fashion designer of Paris.

The first play on the program was a melodrama from Vancouver:

"Murder at Mrs. Loring's." By S. P. Simon. Presented by Community Self-help "Bayview" Group, Vancouver. Emma, a servant. Louise Oulton. Jan. Peterson. Cedy Wheeler. Dr. Henderson. Lorraine Kinasek. Mrs. Loring. Margaret Phillips. Celia. Sheila McCaully. Mr. Loring. Ken Carlson. Director: Miss Charna Horstman.

This play was a good type of murder mystery with elements of suspense throughout, but artificial in the solution. Mr. Sterndale-Bennett said. There was good pace and the voices were clear at the start, with a feeling of sincerity among the players. Sound effects were not convincing and there was a lack of feeling in the lines at moments of suspense. Cedy Wheeler, as Jane Peterson, gave an earnest performance, but lacked a little in subtlety, he said. Mrs. Loring played with real sincerity.

SPONTANEOUS CHARM

"Impromptu de Shawinigan." Presented by Le Camp Francals. A performance of songs, dances and pantomime, from the French of the 13th century down to the present day. The cast: Andre Frere, Madame Guendret, Wayne Derriek, James Edmondson, Jacqueline Guendret, Norma Grant, Mary Schunkech, Bettina Brown, Pat Livingstone, Frances Pick, Helen Rand, John Fraser, Hortense Mackenzie, Claire Wade, Robert Punderson, Coline David, Alice Rose, An Coddling, Dorothy Howell, Vivien Walls, Ann Mac Isdal, Rose Helmuth, Friggy Mahon, Cornelia Jaener, Edward Miller and Douglas Soule. Director: Mrs. Dorothy Punderson; announcers, Jean Guendret and Charles Preston-Yorck.

This was an enjoyable show, the adjudicator said. The acting had a spontaneous charm and a great deal of the joy of giving. The singing had fine precision, harmony and rhythm, and the whole performance was a pleasing and refreshing piece of work.

Speaking of Andre Frere, Mr. Sterndale-Bennett remarked that the actor was the living illustration of all he had said up to this point, concerning relaxation, personality and charm, combined with the technique which permits

of meaningless pantomime, timing rhythm and creative mood.

NOT A GOOD CHOICE

"The Mother Who Went Away." By Mae Howley Barry. Presented by Centennial Players of Victoria. Miss Dillon. Eleanor Brooke. Miss Masters. Gertrude Lane. Mrs. Claydon. Kay Cummins. The Woman. Mary Brooke. Director: Arthur Veale.

This was not a good choice, being melodrama in which the characters merely told a story. The performance had many technical faults, the adjudicator commented. There were poor group positions and emphasis and movement was not good. Dialogue was not assisted by any pantomime. He commended the pleasing feeling brought to her role by Gertrude Lane and some convincing work done by Mary Brooke.

"Saturday Night." By Philip Johnson. Presented by Queen's Little Theatre. Jane Bryce. Rita Dixon. Jim Bryce. Charles Ebbels. Mrs. Vallance. Louise Paton. Bert. Peter Gook. Director: James H. Kinley.

The adjudicator did not consider this play a good choice for amateur groups. He felt it required careful handling, and very controlled playing, otherwise it tended to become monotonous. The scene was good, but the lighting poor. However, they had done their best, in view of the inadequate lighting facilities in the theatre. In this connection, he pointed out that much of the front lighting was diverted by

Found Souvenir In Raid

E. Jaundrew discovered this spade used by Hitler while looking for arms and suspects in a Wilhelmshaven house.

A spade used by Hitler to turn the first sod for a super-highway at Frankfurt 13 years ago and brought to Victoria by E. Jaundrew, 1247 Centre Street, is on display in a window at Cunningham Drug Store, corner of Fort and Douglas Streets this week. Also on view is a picture of Hitler using the spade surrounded by uniformed members of the Nazi party.

Mr. Jaundrew first saw the spade and picture in a house in Wilhelmshaven when he was serving with the Canadian Scottish occupation forces last year. During a raid in search of arms

and ammunition to round up Nazi suspects he found the souvenirs in the possession of a former German soldier.

Next day he returned to the house and traded cigarettes for them. He also learned the German was a former Berlin resident who had found the spade and picture in Berlin and brought them to Wilhelmshaven.

On the front of the spade German words engraved around a swastika tell it was used for the start of the first express highway built under Hitler's government. Words on the back state the highway was begun at Frankfurt, Sept. 23, 1933.

They'll Do It Every Time
 I DON'T THINK YOU REALIZE THE OPPORTUNITY YOU'VE GOT—YOU'RE WITH A SWELL FIRM. A LOT OF KIDS WOULD GIVE ANYTHING TO HAVE YOUR CHANCE HERE. YOU OUGHT TO ACT MORE ALERT—TRY TO DO MORE THAN YOUR SHARE—SHOULDER TO THE WHEEL—HIT THE BALL—GET HOT—
 LISTEN TO MR. SUCCESS STORY—THE LAZIEST GUY IN THE JOINT—BUT HE WANTS EVERYBODY TO SHAKE A LEG—
 ANY KID THAT WOULD WANT TO WORK IN THIS JOINT MUST BE HIDING OUT FROM THE COPS—
 THAT PEP TALK IS JUST TO SOFTEN UP THE KID TO RUN ERRANDS FOR WINDY—
 SHOULDER TO THE WHEEL! FATSO PUT HIS SEAT IN THAT CHAIR TEN YEARS AGO AND HADN'T BUDGED SINCE—
 LISTENING TO THE OFFICE BARNACLE TELL HOW TO RUN THE SHIP
 THANK TO CHEWSY, NEWARK, N. J.
